## RESIGNATION OF HUERTA DRAWN

Ameliano Meigarejo, Close Friend of Dictator, Says He Holds Document

IS DEPENDENT ON DE LA BARRA AS SUCCESSOR

Japan Probes Solvency of Mexico—Federal Recruits Halted on U. S. Border

NEW ORLEANS, Feb. 12.—Provisional President Huerta's resignation is in the hands of his close friend, Ameliano Meigarejo, who is here today, according to Meigarejo's admission. He said the resignation would become effective, however, only in the event that Francisco de la Barra, Mexican minister to Paris, will accept the presidency of Mexico. Meigarejo said that he is now enroute to Paris to present the proposition to de la Barra.

Japanese Would Know MEXICO CITY, Feb. 12.—To satisfy the Japanese dealers in military supplies that Gen. Huerta can pay for the munitions of war he orders, D. M. Ori, a Japanese agent, is investigating the government's financial condition today. Gen. Huerta will have access to the treasury department's books and records.

Halted Federal Rush EL PASO, Feb. 12.—An attempt last night to rush Mexicans recruited in this city by Huerta's recruiting agents across the river, brought out four troops of the Fifteenth Cavalry to prevent the violation of neutrality. Gen. Hugh L. Scott, in command at Ft. Bliss, has been on the alert for some days owing to rumors of a plot to place a flanking force on the rebel left at Juarez by making a rush from this side, and his men were in the saddle almost the instant the news came that the Mexicans were rushing down the river bank on the American side in automobiles.

## TAMMANY BOSS IN THE ROLE OF HERO

Murphy and Two Friends Saved Hundreds of Lives from Tenement Fire

NEW YORK, Feb. 12.—"Boss" Charles F. Murphy of Tammany, Judge J. E. Moss and John McCoey, one of Murphy's political lieutenants, saved hundreds of lives today when they discovered an east side tenement afire. They were returning from a late supper and were in evening dress when they saw the flames. They leaped from their car and rushed through the various floors of the building warning the occupants. Murphy herded the panic-stricken crowd into the street, then to the nearest restaurant, where he set up a big dinner while the tenement house burned.

## PRINCE OF WEID IS NOT DESIRED

Albanians Angry Over Powers' Choice for Throne—Peril in Albania for Weid

CATTARO, Austria, Feb. 12.—The announcement that the Prince of Weid has accepted the Albanian throne was received by his future subjects with demonstrations of mingled derision and anger, according to reliable information reaching here today. The Prince is the choice of the powers, and of the people. The majority of the people say they will resist outside domination now that the Turks have been driven out. A dozen factions are fighting for the ascendancy, but all are firmly united against the Prince of Weid. It is believed here that the Prince will take his life in his hands if he ventures into the country.

## England Still Refuses to Join in Exposition

LONDON, Feb. 12.—Replying to questions asked him in the House of Commons, Premier Asquith reiterated today England's refusal to participate in the San Francisco exposition in 1915. He said the government had recently reconsidered its decision and was unable to modify its refusal to exhibit.

## Bulletins of News

Hot from the wire up to 3:30 p. m.

## THE WEATHER

Fair tonight and Friday, light northeast winds.

French Aviator Negotiates Mont Blanc AOSTE, Department of Isere, France, Feb. 12.—M. Parmelin, a young French aviator, flew over Mont Blanc yesterday at a height of about three miles.

Brig. Gen. Wirt Davis, U. S. A., Dies at 74 WASHINGTON, Feb. 12.—Brigadier General Wirt Davis, United States army, retired, died here yesterday after a three years' illness. He was 74 years old.

Japan Lowers Navy Budget by \$18,000,000 TOKIO, Feb. 12.—The budget committee of the Diet Monday voted to reduce the estimate for the navy 30,000,000 yen, or about \$18,000,000.

## "HANDSOME JACK" HELD FOR MURDER

Jack Koetter Swears With Tears He is Innocent—Waits in 'Frisco for Officers

SAN FRANCISCO, Feb. 12.—Tears stood in the eyes of "Handsome Jack" Koetter as he swore today that he was innocent of the murder of Mrs. Emma Kraft in the Saratoga Hotel, Chicago, in November, 1912. He was arrested here last night and held pending the arrival of Illinois officers.

The woman in the case was a wealthy widow of Cincinnati, twenty years Koetter's senior. Koetter admitted he was in Chicago on that date, and admitted that he knew the woman, but denied the crime. When arrested he had a letter in his pocket addressed to Mrs. Kraft in his own handwriting. The police kept the contents secret.

Chicago Detectives on Way CHICAGO, Feb. 12.—Four detectives started to San Francisco today for Koetter's.

SOFIA, Feb. 12.—It became known yesterday that Queen Eleonora's visit to America will take place in the coming spring and not in 1915, as first announced. In fact, plans for her early departure already are being made.

The matter of Her Majesty's visit came up during an audience which King Ferdinand and his consort gave to the Panama exposition commissioners, Messrs. Andrews, Rees and Brown.

MRS. IVY MUST ENDURE TEST OF SANITY SOON LOS ANGELES, Feb. 12.—Mrs. Edith M. Ivy, acquitted of the murder of her former husband, Frank Ivy, on the ground of insanity, will be given a hearing before Judge Hewitt next Wednesday. Yesterday the case of the woman who shot her former husband because of wrongs committed by him upon her 15-year-old daughter, Frances, came up before the lunacy commission at the county hospital, but was continued.

HIGH SCHOOL PIG IS TO BE SOLD DALLAS, Oregon, Feb. 12.—The pupils of the Airline High School are today fattening a pig for the market to obtain funds with which to purchase books for the school library and equipment for the gymnasium. The pig, donated by a patron of the school, is kept at the schoolhouse, and the children daily bring such food as will soon make it ready for conversion into chops and spareribs.

## BOMBARDMENT OF ESMERALDES, RUMOR

SANTIAGO, Chili, Feb. 12.—That there was a heavy loss at Esmeraldas, Ecuador, as a result of the bombardment by federal troops, was reported here today. The story is not confirmed and doubt is expressed as to its accuracy. The town has a considerable foreign population.

## SHERIFF HOLDS INDIANAN HERE

Druggist Who Worked at Fullerton Wanted in East for Jumping Bail

BEEN AWAY FROM HOME OVER A YEAR

Has \$500 Fine and Five Months in Jail Hanging Over Him

The arm of the law of Indiana has a long reach. It has taken into its clutches a man named D. W. Rigrish, who arrived in Fullerton four months ago. The clenching process was accomplished by City Marshal French of Fullerton and through the sheriff's office of Orange county.

Rigrish is 58 years of age. According to details of the case obtainable here, Rigrish was a druggist in Frankfort, Ind., and was arrested on a charge of selling a pint of whiskey. He was tried, convicted and sentenced to pay a fine of \$500 and to serve five months in the county jail. Rigrish took an appeal, and put up \$1,500 cash bail. He then disappeared. He says that he arrived in this state a year ago, and in this county four months ago.

Rigrish has employed Attorney H. C. Head to make a fight for him. It is thought that extradition will be opposed.

Sheriff Ruddock wired the Indiana sheriff last night that Rigrish was in jail here, and asked that a warrant be wired. This morning Ruddock got a telegram from Frankfort stating that the sheriff was starting at once. Ruddock wired back telling the Frankfort office to wire a warrant to Ruddock at once or the man would be turned loose.

City Marshal French of Fullerton, who used to live in Indiana, says that the law of that state is very stringent upon the sale of liquor illegally, and enforcement of the law is rigid.

## CHRISTOFFERSON TO GET 100 H. P. ENGINE TO NEGOTIATE PASS

SAN FRANCISCO, Feb. 12.—With a larger engine in the original machine, Aviator Christofferson on Saturday will make another attempt to cross the Tehachapi mountains at Tejon Pass. He arrived here today to purchase a 100-horsepower motor. He returns tonight to Bakersfield. He said: "The engine got chilled and couldn't develop sufficient power to clear the pass. With the new engine I will be able to get 7000 or 8000 feet elevation and can get across easily."

## WOULD RAISE \$125,000 FOR MOVIE STUDIO

H. O. Martin and Florence Seidl Seek Support for Project

Wanted—Orange County residents to subscribe to \$125,000 for the establishment of the moving picture studio in Orange County.

This is the gist of a proposition put up to the Associated Chambers of Commerce last night, and the gist of a campaign to sell stock that is to commence next Monday.

H. O. Martin of Los Angeles, who is said to have had sixteen years' experience in the moving picture business, and Florence Seidl of Santa Ana, the aviatrix, are the moving spirits in the project. They hope to get support for the enterprise on the ground that great good will come to the county through advertising it by reason of the fact that the pictures to be taken will all be in this county. It is proposed to call the company the Orange County Moving Picture Company.

## SECOND RITUAL MURDER CASE IN KIEFF, RUSSIA

LONDON, Feb. 12.—What looks like another ritual murder case was reported today by the Central News in St. Petersburg, the dispatch telling of the arrest near Kieff of a Jewish tailor named Pashkoff on the charge of the murder of a boy named Tarantsevitch, a Christian. Local Jews have telegraphed members of their own race at Kieff for information.

## Carter Harrison Registering His Family for Spring Elections

Mrs. Carter Harrison, Mayor Harrison, Dina de Vries (cook in the Harrison household), Mary Conrad (maid), Oscar Lundberg (chauffeur), Mrs. Mary L. Schultz (Judge), Miss Celia L. Kinney (Clerk).

More than 150,000 women registered in Illinois for the spring elections, and this photograph

shows Carter Harrison, mayor of Chicago, and his household at the registration booth. The mayor escorted his whole family and all

his servants to the polling place in the Twentieth precinct of the Twenty-third ward, to see that they got their names down.

## COLDEST SPELL OF WINTER ON EAST COAST

Frigid Wave Runs from Maine to Carolinas—Four Deaths Are Reported

NEW YORK, Feb. 12.—The coldest weather of the winter prevailed today from Maine to Carolina. At Syracuse, N. Y., the mercury went to twenty degrees below. Mrs. Barbara Walsh was frozen to death at Pater-

## BLIND SENATOR GORE UNDER FIRE

Woman Accuses Oklahoman of Assault—Wife Sits by Senator's Side

OKLAHOMA CITY, Okla., Feb. 12.—The sworn details of an assault which she alleges she suffered a year ago at Washington, D. C., at the hands of United States Senator Thos. P. Gore, were given from the witness stand today by Mrs. Minnie E. Bond, who is suing the blind senator for \$50,000 damages, alleging defamation of character. Senator Gore and his wife were present and listened attentively to the evidence.

The woman declared that Senator Gore assaulted her in a room in the Winston hotel, Washington, rented by former Democratic National Committeeman Jacobs. She told of meeting Gore in 1909, describing their political acquaintance.

## MRS. BOND GAVE DETAILS OF THE ALLEGED ASSAULT

OKLAHOMA CITY, Feb. 12.—Mrs. Minnie Bond's recital on the witness stand today included sensational details as to the assault she alleges was made upon her in Washington by Blind Senator Gore of Oklahoma. She said he coerced her to his room when she went to see him about a federal appointment for her husband, Counsel for Gore tried to force the woman to admit that she was the aggressor in the alleged affair, but she denied it heatedly.

Mrs. Gore sat by her husband's side throughout Mrs. Bond's testimony.

## BUNDY GOES TO SAN QUENTIN MONDAY—HANGS IN APRIL

LOS ANGELES, Feb. 12.—Louis Bundy, the murderer of Harold Ziesche, will be taken to San Quentin on Monday, where he is to hang in April.

## ROADS WANTS TO RAISE RATES

WASHINGTON, Feb. 12.—The Interstate Commerce Commission today opened a three-day hearing which will cover the subject of lake-and-rail rates in connection with the general request of the eastern railroads for a five per cent increase in freight charges.

## ZELIE EMERSON MAY BE DEPORTED

Asks Page's Protection—Fire by Suffragettes Destroys Carnegie Library

## REDFIELD COMES TO COAST ON WEDNESDAY

Officers to Visit Western Coast Past Year

LOS ANGELES, Feb. 12.—Secretary of Commerce Redfield will leave Washington shortly for a visit to the Pacific coast, and is expected to arrive in Los Angeles about next Wednesday. His tour is for the purpose of studying the commercial needs of California and the Pacific coast, especially in relation to his department of the government.

Secretary Redfield is the seventh member of President Wilson's cabinet to visit California during the past year, and the sixth to come to Los Angeles. Secretary Bryan passed through here about a year ago on his way east from dipping into the alien land bill legislation at Sacramento; Secretaries Daniels and Garrison visited Los Angeles last summer; Secretary Lane was headed here, but was diverted by illness in San Francisco, and Secretaries Houston and McAdoo were here last week.

Already tentative plans are under way to give Secretary Redfield a notable reception here.

## MURPHY LAUGHS AT RETIREMENT RUMOR

Says He Will Stay in Game as Long as He Pleases—Pacific Coast Player for Federals

NEW YORK, Feb. 12.—President C. Webb Murphy of the Chicago Nationalists grinned broadly when told of the alleged movement to drive him from organized baseball. "There is a fat chance to put me out of the game," he declared. "The newspapers have been trying to put me out for years. I am used to it. I'll go along just the same, raking in my share of the coin despite the knuckers. I own the Cubs. I'll do just what I please with them. Any time organized baseball wants to start something, let it go ahead. I'll retire only when I'm good and ready. I should worry about little Johnny Evers."

The report that Murphy is to be ousted from baseball followed his sensational discharge of Manager Evers from his club. It was the leading news story of the day in the eastern newspapers.

Kenworthy to Join Federals SACRAMENTO, Feb. 12.—Bill Kenworthy, crack second baseman of the Sacramento Coast League Club, has signed a contract to play with the Federals, probably at Kansas City, according to a telegram to Manager Wolverton today.

CARNEGIE LIBRARY BURNED BIRMINGHAM, Eng., Feb. 12.—Suffragettes burned a Carnegie library at Northfields, Worcestershire, six miles south of here. All the books were burned and the loss was very heavy. Another fine country estate was burned.

## TIE A STRING TO THEIR ACTION

Associated Chambers Favor Purchase of Highway Bonds, But Make Conditions

WANT ASSURANCE OF GETTING SQUARE DEAL

County Will Exhibit at San Bernardino—Moving Picture Scheme Endorsed

Proposition that the Board of Supervisors purchase \$200,000 of the State Highway bonds, in order to insure the completion of the state road through the county, was endorsed by the Associated Chambers of Commerce at the meeting held in Anaheim last night. However, as it was apparently brought out in the discussion that the county had been given rather a raw deal in its previous dealings with the State Commission, the recommendation was hedged about with sundry conditions which would insure the county getting fair treatment.

The matter of the defective paving on parts of the Huntington Beach road, which was investigated by a committee from the organization in company with the supervisors, was threshed through at some length, in a discussion participated in by Chief Engineer Halladay, of the County Highway Commission. It was brought out that the allegations of poor work had been entirely sustained, and it was also made apparent that danger of any such occurrence in the future had been greatly lessened.

The meeting was held in the Anaheim Y.M.C.A. building, and was attended by over 100 delegates and visitors. The Ladies' Auxiliary of the Y.M.C.A. served an exceptionally toothsome banquet, in which roast turkey was the piece de resistance. In the absence of President Zimmerman, who had been called north on business, Vice President Wallace presided. The address of welcome was given by Rev. D. T. Gilmore of Anaheim, and W. A. Cornelius of Newport Beach responded. Mr. Wallace read a written report by the president, in which he detailed his action in sending a telegram to Washington protesting against the unmerging of the Central Pacific and Southern Pacific, which action was later endorsed by the body. Mr. Zimmerman also urged that steps be taken to urge on the supervisors the purchase of sufficient highway bonds to insure the completion of the state road through the county.

Flag Won High Praise The secretary read a letter from the secretary of the Pasadena Tournament of Roses Association, stating that Orange county had been awarded a special prize for its float entered in the parade on January 1 last, and complimenting the float as one of the most unique and handsome in the parade. The letter further stated that moving pictures of the parade had been taken, and as the float appeared prominently in these, Orange county would be extensively advertised thereby all over the United States. The prize, a splendid silver cup, was exhibited during the evening.

Fred Rafferty of Santa Ana sent in his resignation from the committee appointed to take up the matter of planting trees along the State Highway. He said in his letter that in Los Angeles county the matter is in the hands of the county forester, and he thought Orange county should have a forester, who should be in charge of the county park.

Case Eyebrowed of Anaheim made a report for the committee which had in charge the Pasadena exhibit. He said the exhibit had been perhaps the most widespread advertisement the county had ever had. The Anaheim Board of Trade had appointed a committee, he said, to work up an exhibit for the San Bernardino Orange Show, and he moved that it be the sense of the association that an exhibit should be made, and a committee appointed to take charge of the work. It was decided in the discussion that the same exhibit used at Pasadena should be part of the display at San Bernardino, this consisting of a mammoth orange with the name of the county worked out in flowers. Next time, however, the name is to be worked in oranges. The motion was carried and the president appointed again the committee which served for the Pasadena exhibit.

Moving Picture Scheme Mr. Martin, who is endeavoring to organize the Orange County Motion Picture Company, in which project Florence Seidl, the aviatrix, is interested, was given a hearing. Mr. Martin explained the advantages which Orange county offered for (Concluded on Page Two)

# TIE A STRING TO THEIR ACTION

(CONTINUED FROM PAGE ONE)

such a project, the money to be made out of it, and the advertising benefit to the county. On the latter line, he explained, it was proposed to show on the films an educational picture illustrating the development of an orange from the first springing of the bud to the maturity of the fruit. These pictures were to have the name "Orange County" on them, and would be shown all over the world. The matter was referred to the advertising committee to report later, and after a consultation with Mr. Martin the committee reported in favor of endorsing the project as an advertising proposition. The report was adopted.

The good roads matter had been held up until the latter part of the meeting, as it was expected there would be an extensive discussion under that head. When reports from the good roads committee were called for Howard Wassum of Tustin stated that the matter of the grade on the state road into the La Habra Valley, which had been fixed by the engineers at 6 1/2 per cent, had been taken up with the supervisors and the state engineer. The latter had estimated the additional cost of reducing this grade to 5 per cent at \$1000, and had agreed that the state would stand half the cost if the county would raise the other half. The matter had thereupon been referred to the supervisors, who agreed to contribute \$250 if the people of the district interested would put up the rest. Brown of Fullerton thought the county should stand the entire expense in such a case. He said that Fullerton had put up \$147,000 for roads, besides sharing in the county and state payments, and he did not think the section should be called on to pay this money. Chairman Talbert of the Board of Supervisors called attention to the fact that there would probably be other places on the state road where the grade would be over 5 per cent, and that if a precedent were started the state engineers might plot steep grades with the expectation that the county would pay to have them cut down. Mr.

## NOSTRILS AND HEAD STOPPED UP FROM COLD? TRY MY CATARRH BALM

Instantly Clears Air Passages; You Breathe Freely; Dull Headache Goes; Nasty Catarrhal Discharge Stops.

Try "Ely's Cream Balm." Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone. End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant

balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed, nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing, but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.—Advertisement.

Brown's motion that the association request the supervisors to pay the entire \$500 was carried, as was also Mr. Mills' motion that the State Commission be requested to make no more grades in the county over 5 per cent, and that this request be changed to a demand when it comes to the matter of buying more bonds.

Mr. Halladay Explains Chief Engineer Halladay of the County Commission was called on to say something in regard to the progress of the work. In opening he said as a matter of personal privilege he wanted to say in regard to the defects in the Huntington Beach road brought up at the last meeting, that he had been informed of them before the matter was made public, and he would merely suggest that in future should there be any cause of complaint found in the work on the roads, better results would be obtained by bringing the matter directly to the commission, instead of thrusting it out publicly. He said that while unquestionably there had been some bad work done on the Huntington Beach road, that work had been replaced and the county was, on the whole, getting a better job than the specifications called for. He said it would be impossible for any such work to get by again.

In regard to the progress being made, Mr. Halladay said that about twenty miles of road have been laid so far, and contracts let for a total of about 43 miles. The commission was about ready to advertise for bids on the ten and one-half miles from Irvine to Laguna Beach, and this would probably be followed by the Bay City road and the Newport Beach road in turn. What the commission would do after that would depend on how fast material could be procured. Endeavor was being made to rush the work to the limit, he said.

McFadden of Placentia wanted to ask why the suggestion of the previous meeting, that inspectors on the various jobs be appointed on the recommendation of the supervisor in the district where the work was done, had not been adopted. Mr. Halladay explained that the commission already had in its employ a number of inspectors who had been found competent and trustworthy, and did not wish to discharge them. He promised that in future the commission would endeavor to follow the plan—in fact, had already appointed an inspector, although he had not been put to work, on the recommendation

of the territory interested.

Inspector Was Fired The committee which investigated the Huntington Beach road reported that the charges made at the previous meeting in regard to defective work had been entirely sustained. It further reported that while some of the work was defective the job as a whole was exceptionally good. Mr. Larter of the committee wanted to know if the inspector who had let the poor work get by was still on the job, and in this he was sustained by Mr. Wallace, who said he did not see how it was possible for an inspector to let such work get by him. Mr. Halladay replied that the inspector in question had undoubtedly been negligent, and that he was no longer in the employ of the commission.

Mr. Brown had been requested to ask what was being done in regard to the Brea road, and said it had been reported that there was some trouble about deeds for the right-of-way. Mr. Halladay said the commission hoped to at least do the grading on the road during the coming summer. The county had no deeds for the road from the Pacific Electric crossing to the county line, but this matter was being worked on now, and no difficulty was anticipated, as all the property owners interested had promised to give deeds. Incidentally Mr. Halladay said that pressure was being brought to bear on the commission to build every one of the projected roads first.

When the president's recommendation as to the purchase of state highway bonds came up, Mr. Mills moved that the recommendation be adopted and a committee of three be appointed to co-operate with the supervisors in the matter. The proposition was that the supervisors be urged, if they find it legally possible, to subscribe for \$200,000 of the bonds, with the understanding that this would guarantee the completion of the road through the county.

County Got Raw Deal

Mr. Wallace took the floor and said that there should be a very clear understanding with the state commission before the bonds were purchased. When the banks of the county subscribed for \$240,000 of the bonds, it was with the assurance from the State Commission that the money would be left in the banks until needed for use in this county. It was further assured that the State Commission was to see to the sale of an equal amount of bonds outside the county, the combined sales to be sufficient for the work. As a matter of fact, he said, soon after the subscriptions were made the entire amount of money was called for, taken north, and supposedly used on road work there, so that now Orange county is in the position of being forced to dig up \$240,000 more in order to get the roads built. It was explained that, owing to the fact that the bonds are now held in the market at less than par, the county would lose possibly \$10,000 on the transaction, but it would be a good investment.

Road Must Be Full Width

Mr. Cornelius said it was reported the State Commission was planning to make the road from Irvine Station to the county line only fifteen feet, instead of the usual sixteen. After some discussion Mr. Mills' motion was amended that the recommendation for the bond purchase be conditioned on the assurance of the State Commission that the entire road be eighteen feet wide, that no grade be over 5 per cent, and that all the money would be spent in Orange county. The motion then prevailed.

Other Matters

For the harbor committee Mr. Wallace reported that James Irvine had agreed to put in a new wharf to 1320 feet of harbor frontage, while the La Habra Land & Water Co. would put in 500 additional, these deeds to be turned over to the county on the voting of bonds for the construction of a jetty and dredging of the harbor.

For the railroad committee Mr. Mills reported that among other minor matters the committee had secured the abolition of the United States Commerce Court and a reduction in express rates over the country.

The next meeting of the Associated Chambers will be held in Santa Ana on the last Wednesday in March. This will be the annual meeting and election of officers.

## REPORTS TO POLICE THAT WOOD IS GONE

J. A. Benjamin has reported to the city marshal that someone has been stealing wood from Benjamin's place on West Second street.

Manuel Iglesias today asked the police to help him locate a black pony and cart. The pony ran away this morning, and Iglesias cannot find the outfit.

## LOCAL DRUGGIST SAYS: "TAKE ONLY ONE DOSE"

—We want to tell those in Santa Ana suffering from stomach or bowel trouble that we are agents for the simple mixture of buckthorn bark, glycerine, etc., known as Adier-ika, the remedy which became famous by curing appendicitis. This is the most thorough bowel cleanser known and JUST ONE DOSE relieves sour stomach, gas on the stomach and constipation almost IMMEDIATELY. You will be surprised at the QUICK action of Adier-ika. The Rowley Drug Company.—Advertisement.

## WILL BUILD ON LOT CORNER G AND VANCE

Seven-Room Parsonage at Sixth and Brown Streets Nearing Completion

Miss Ida Mitchell has purchased the lot at the southwest corner of Vance and G streets facing the French street park from Miss Mary McNeill. Miss Mitchell expects to build on her newly acquired property as soon as she can dispose of her present home at 111 East Pine street.

The seven room parsonage being built by the German Lutheran church on the east side of the church property at the intersection of Brown and Sixth streets is well under way and will be a handsome home for the pastor, Rev. Wm. J. Lankow, and family. E. B. Robinson of 601 East Sixth street has commenced the erection of a five room cottage on the lot adjoining his home on the west. It is being built for rent.

The pretty six room bungalow near the completion at 611 F street will soon be occupied by its owner, A. F. Anderson and family of 710 G street.

## ADVERTISED LETTERS

The following letters remained uncalled for in the postoffice at Santa Ana, Cal., for the week ending Feb. 10, 1914.

Campbell, R. Clement, Mrs. Sarah Goode, Stanley Hall, W. J. Henricks, Ely Hennessy, Abbott Johnson, Roy Kenedy, Bob Mason, Mrs. Sam Newton, F. H. Ogren, Miss Anna Patterson, Maybelle Preston, J. A. Redmond, R. E. Schooley, Mrs. Maggie Skitte, Otto Spence, Mr. and Mrs. W. G. Stearns, Mrs. Lloyd Ralund Sweet, Jacob Ramsickle, W. N. Vance, Mrs. W. P. Walker, Miss Edith Western Silk Co. Wood, E. Majel, Mrs. Anastacia Inereno, Welle Murillo, Juan Romo, Anita E. de Saleado, Davi Vanuclos, Viscilio Valesco, Pyman.

If the above letters are not called for within two weeks will be sent to the dead letter office. When calling for same please say advertised and give date.

L. L. SHAW, P. M.

## SHOOTING PROVED EXCEEDINGLY POOR

El Modena Mexicans Fought Duel—Shaves Close But Nobody Hurt

For all the shooting that there was at El Modena between Francisco Gauna and Miguel Vega nobody was hurt, though one or two persons got a good scare.

Gauna and Vega had a quarrel, and Gauna lunged around with a knife but failed to land. Then each man got a gun. Gauna began the shooting, and fired five shots. When Vega got out his revolver and began popping, Gauna lost confidence in his own shooting ability. Gauna had fired five shots at close range. The courses of two bullets never were located. One bullet missed Vega and tore three holes through the front of a sweater worn by a Mexican bystander. A third bullet went through the side of a house, hit a bedpost, glanced against a table beside which a man named Valdez was sitting. A fourth passed through Vega's pants leg. Vega did not drop down dead as Gauna thought he ought. So when Vega began shooting, Gauna concluded to vamoose. Vega got in several shots, but his marksmanship was no better than Gauna's. At a preliminary hearing before Justice Fullerton yesterday, Gauna was held to answer on a charge of assault with a deadly weapon with intent to murder.

## WEALTH OF HAIR

Parisian Sage Makes Thin, Lifeless Hair Soft and Abundant

Beautiful hair, fluffy, lustrous, abundant and free from dandruff, is one of woman's greatest charms. It's her main delight—yet so many of the fair sex have streaked, thin and lifeless hair, and think there is no remedy. Beautiful hair is largely a matter of attention. Parisian Sage frequently applied and well rubbed into the scalp works wonders. Try it today, and you will be surprised with the result—not only will the hair become abundant, soft, fluffy, radiant with life, but really cooly beautiful.

Parisian Sage supplies hair and scalp needs. It surely removes dandruff with one application, stops itching head and cleanses the hair of all dirt and excessive oil. All drug and toilet counters sell Parisian Sage in fifty cent bottles. Look for the trade mark—"The Girl with the Auburn Hair." Try at least one bottle from Rowley Drug Co. This store will refund the money if you are not satisfied.—Advertisement.

## MRS. WILLIAMS' LONG SICKNESS

Yields To Lydia E. Pinkham's Vegetable Compound.

Elkhart, Ind.:—"I suffered for fourteen years from organic inflammation, female weakness, pain and irregularities. The pains in my sides were increased by walking or standing on my feet and I had such awful bearing down feelings, was depressed in spirits and became thin and pale with dull, heavy eyes. I had six doctors from whom I received only temporary relief. I decided to give Lydia E. Pinkham's Vegetable Compound a fair trial and also the Sanative Wash. I have now used the remedies for four months and cannot express my thanks for what they have done for me.

"If these lines will be of any benefit you have my permission to publish them."—Mrs. SADIE WILLIAMS, 455 James Street, Elkhart, Indiana.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co., confidential, Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

112 West Fourth St.

P. S.—The newest nov-  
elty of the season—  
Wick's fancy Puggaree  
Hat bands at 50c and up.  
H. C. & CO.

and that one man recently parted with  
\$1900 to the promoters.  
Though the names of these pro-  
moters are not made public it is said  
that they represent they are working

for a contingent fee of 50 per cent of  
the money recovered and need a few  
thousand dollars to carry on the case.  
They also tell that Secretary McVeigh  
admitted the claim and was ready to  
sign "the papers" but that his term ex-  
pired while he was looking for his  
pen.

As a matter of truth no such bonds  
were ever in the treasury. Further-  
more, Durkee was far from wealthy  
and nowhere in his will or other pa-  
pers did he make mention of any swollen  
fortune he had placed in the hands  
of the government.

**OHIO REPUBLICANS RALLY**  
COLUMBUS, O., Feb. 12.—Rep-  
ublicans throughout the state today ob-  
served Lincoln's birthday with a for-  
mal and informal celebrations which  
they hoped would draw some of the  
Ohio Progressives back into the fold.

Great value in Table Linen. Pure  
white double damask, full 72 inches  
wide. You will think it worth much  
more. Napkins to match. Gilbert's  
great \$1 damask. We want you to  
compare this quality. If you need a  
table cloth go to Gilbert's and look  
and ask for that great \$1 damask.  
This is our greatest leader at Gilbert's.

**Glove Repair Department Added**  
A glove repair department is the  
latest addition to the Crystal Clean-  
ing company's establishment. They  
have recently installed a glove mak-  
ing machine and have employed a  
glove maker who has had factory ex-  
perience, and they are now prepared  
to do any kind of glove repairing.

**Attention, Fraternal Brotherhood**  
Lodge banquet Thursday evening,  
Feb. 12th, 7 o'clock sharp.

**Will Add Stock of Men's Hats**  
The Modern Dry Cleaning Company  
are adding a new line to their clean-  
ing and pressing business. They have  
fitted up the front of their business  
room at 519 North Main street with  
new fixtures and will put in a line of  
men's and boys' hats. Their stock of  
hats are here and they expect to open  
the new department either tomorrow  
or Saturday.

**See our beautiful Lincoln's Birth-  
day window and display of Lin-  
coln Watches. Lincoln souvenir  
bronze medals. Padgham's Jewelry  
Store.**

**A Winter Cough**  
A stubborn, annoying, depressing cough  
hangs on, racks the body, weakens the  
lungs and often leads to serious results.  
The first dose of Dr. King's New Discovery  
gives relief. Henry D. Sanders, of  
Cavendish, Vt., was threatened with con-  
sumption after having pneumonia. He  
writes: "Dr. King's New Discovery ought  
to be in every family. It is certainly the  
best of all medicines for coughs, colds or  
lung trouble. Good for children's coughs.  
Money back if it does not cure. Price 50c  
and \$1.00. At all druggists. H. E. Buck-  
len & Co., Philadelphia or St. Louis—Ad-  
vertisement."

**BIG CEMENT SHOW OPENS**  
CHICAGO, Feb. 12.—Two hundred  
exhibitors this morning completed  
their displays at the Coliseum for the  
Seventh National Cement Show. Al-  
most every kind of cement working  
machinery, material and products that  
enter into concrete construction was  
on display when the first visitors ar-  
rived. The show closes February 21.  
In connection with the show the fol-  
lowing organizations began short ses-  
sions today: American Concrete In-  
stitute, National Builders' Supply As-  
sociation, National Conference on  
Concrete Road Building, Illinois Lum-  
ber and Builders' Supply Dealers, In-  
terstate Manufacturers' Association.  
The associations alone have several  
thousand members, most of whom, it  
is claimed, will attend the show. Ed-  
ward H. Hager is president of the or-  
ganization which conducts the show.

—The W. R. C. will have the month-  
ly tea in G. A. R. hall Friday, Feb. 13,  
at 2 p. m. Good program and valen-  
tines for everybody.

**Take a stenotypy course at the  
Orange County Business College.**

**KANSAS PROGRESSIVES MEET**  
TOPEKA, Kans., Feb. 12.—With de-  
ference to the Old Guard Republicans  
as the keynote of the meeting, Kan-  
sas Progressives met here today to  
draft a state and congressional plat-  
form. Seventy Kansas counties were  
represented at today's convention.

**BREAKS A BAD COLD  
IN A JIFFY! TRY IT**

"Pape's Cold Compound"  
Gives Quick Relief—Don't  
Stay Stuffed-up!

You can end gripe and break up  
a severe cold either in head, chest,  
body or limbs, by taking a dose of  
"Pape's Cold Compound" every two  
hours until three doses are taken.

It promptly opens clogged-up nos-  
trils and air passages in the head,  
stops nasty discharge or nose run-  
ning, relieves sick headache, dullness,  
feverishness, sore throat, sneezing,  
soreness and stiffness.

Don't stuff-up! Quit blow-  
ing and snuffing! Ease your throbb-  
ing head—nothing else in the world  
gives such prompt relief as "Pape's  
Cold Compound," which costs only 25  
cents at any drug store. It acts with-  
out assistance, tastes nice, and causes  
no inconvenience. Be sure you get  
the genuine.—Advertisement.

**Make the Child  
Comfortable**

Look well to your boys and  
girls, parents, and see that  
they are not handicapped for  
life, or allowed to lapse mor-  
ally, on account of eye strain.

## SHORTRIDGE SAYS PARTY OWES IT HIM

Says He is Morally Certain He  
is Going to Be U. S.  
Senator

Protective Tariff Was Principal  
Theme at Republican  
Meeting

Samuel Shortridge of San Fran-  
cisco said last night that it is time  
for the Republican party in California  
to square matters, and he proposes  
that the account shall be balanced by  
sending him to the United States  
Senate. He said he is morally cer-  
tain he is going to be elected. Al-  
most his sole plea for support for the  
Republican party was the tariff plea.  
Shortridge was the speaker at the  
Shortridge rally at the Princess The-  
ater last night. Music by the Santa  
Ana band was the introduction to the  
meeting. On the stage were four  
men, Gen. F. H. Case, president of  
the Southern California Sugar Co., C.  
C. Chapman of Fullerton, E. L. Dev-  
lin of San Diego and Shortridge.  
Case opened the meeting and intro-  
duced Chapman as chairman. Dev-  
lin urged the Republicans to form a  
Young Republican Club with the sole  
object of boosting the Republican  
registration.

Devlin is president of the Young  
Republican Club of San Diego, and  
he said that his club was responsi-  
ble for getting Republicans registered  
in a hurry, thus making a great show-  
ing in strength.

Maurice Phillips of Santa Ana sang  
a Lincoln song, the audience joining  
in the chorus.

In his introductory remarks, Chap-  
man said that he had a reverent feel-  
ing for the great men of the party,  
and that the party had such great  
men as Lincoln, Garfield and Blaine  
was argument enough for being a Re-  
publican. He said that it is time for  
all Republicans to stand together to  
meet the common enemy, the Demo-  
crat.

"We are shipping the finest fruit  
ever grown," said he, "and are get-  
ting less for it than at any time since  
before a tariff was put on oranges.  
We cannot compete with foreign la-  
bor in fruit, and we must have pro-  
tective tariff on our products."

Chapman said that the Republicans  
propose to elect Shortridge to take  
U. S. Senator Perkins' place.

Shortridge, tall and rather an oddity  
in oratory, spoke for over an hour.  
"The only cloud I see upon your  
brows," said he, "comes from the  
Democratic administration. We have  
a great and splendid state with many  
varied and splendid industries. Is  
there a thoughtful person who doubts  
that our industries need the protec-  
tive tariff? This country needs it.  
Where will it get it? Only from the  
Republican party, whose fundamental  
principle is protection."

"Has any person in this county  
been benefited by the reductions in  
tariffs on oranges, lemons and sugar?  
Have you any new industries or fac-  
tories by reason of the Democratic  
administration? What is true in this  
county is true in every county in the  
state. If I am elected as your senator,  
I shall fight for the industries of  
this state."

"Labor is King, and labor must be  
employed. No man can be happy un-  
employed and poor. If you want to  
strike down the sugar, lemon and or-  
ange industries, you put many men  
out of employment. What we saw in  
Cleveland's second administration we  
will see again. For that reason I  
wish to see the return to power of  
the party of safety and well defined  
principles, a party that is not willing  
to sacrifice Southern California so  
that the importers of New York may  
prosper."

"The Progressives in this state are  
evaporating. Some left because they  
were irritated, offended or disgusted,  
but they now realize that where they  
belong is back in the ranks of the  
Republicans. They realize that they  
were progressing toward bankruptcy.  
No man is bigger than the Republi-  
can party. Those who hoped that the  
Republican party was dead are now  
terrified."

"Tomorrow is the birthday of our  
great, the majestic, the sad, the mel-  
ancholy, the dear, the beloved Abra-  
ham Lincoln. If he were here today  
he would be the great Republican of  
1914 just as he was of 1860. He be-  
lieved in the same principles we be-  
lieved in."

"In this state the Progressives have  
been progressing so fast that the  
state has so many employees that  
they are a menace. Taxes are pro-  
gressing higher in every county. Tell  
me what new industry has been start-  
ed by reason of the state administra-  
tion."

"What do I propose to do as sen-  
ator? I will be guided by the lamp of  
experience. I do not believe in war,  
but we should be prepared to defend  
ourselves against any nation that  
threatens our peace and power. I  
believe in the civilization of Christ,  
not the civilization of Confucius. We  
have problems enough without bring-  
ing people here with whom we can-  
not co-mingle."

"I have carried the Republican  
banner all over the state all these  
years, and have never asked the  
party for one thing. Now it is about  
time the party squared accounts. I  
am morally sure I am going to be the  
next United States senator, and I  
shall fight for the interests of every  
part of the state."

## Sale of Children's Gingham Dresses

—Our whole line of gingham  
dresses for children, placed on spe-  
cial sale today at one-quarter off.

—These are just right for school  
wear, they are prettily made in at-  
tractive styles for girls, in materials  
of gingham and percale. Plaids pre-  
dominate, for plaids always look  
best on children; there are pretty  
Scotch plaids in blues and reds, and  
checks in pinks and blues.

—Sizes range from 2 to 14 years;  
prices were regularly \$1.00 to \$2.50.  
They go on sale now at just one-  
quarter off,—our whole line, no  
reservations of the best looking  
ones—come

and take **1/4 off**  
your choice ..

—We had a 35c dress sale last se-  
ason and sold out the whole lot in a  
few days.

—This 35c children's dress sale em-  
braces one lot of 57 dresses, mainly  
in small sizes from 2 to 8 years, and  
a few up to 14 years. They are  
ginghams and percales in darker  
shades, fine for school wear, or play  
dresses. These dresses are all in  
good condition with the exception  
that they have been mussed or  
soiled from handling. A few older  
styles have been put in the lot at  
way below cost. The original prices  
on these dresses ranged from 75c to  
\$1.50. As an "extra special" to  
clean them out

quickly we offer **35c**  
them now at .....

## Demonstration of "NAIAD" Shields

—A special demonstrator of the well known "NAIAD" Dress Shields is  
with us this week.

—She will give the best of advice as to the proper shields to use and the  
proper care of them, and will demonstrate their "washability" and explain  
their durability.

—Dressmakers and home sewers are invited to call this week.

—"NAIAD" shields are guaranteed perspiration proof; they will wash and  
iron. Let us prove it.

When you buy Foley's Honey and  
Tar Compound because just a few  
drops stops the cough and heals the  
cold, one bottle lasts a long time, and  
the last dose is as good as the first.  
Mrs. S. S. S., 20 Van Buren St., King-  
ston, N. Y., says: "Father had laryngitis  
and his cough was something terrible  
and he could not sleep. Foley's Honey  
and Tar not only stopped his coughing,  
but it brought my voice back to me  
after a severe case of bronchitis and  
laryngitis." Wingood's Drug Store.

### THE BIGGEST THING AT PANAMA

Some one has said that the most interesting thing at Panama is not the Culebra cut, where they have gashed the great continental divide down to the backbone. Nor is it the complete achievement, eclipsing even the Pyramids, hitherto the top of the world's mechanical skill. The most interesting thing is George W. Goethals, chief engineer, now appointed governor of the canal zone.

Engineer Stevens, formerly on the job at Panama, said when he quit that they did not need him any longer. All they had to do was to dig a ditch. "What you need now," he added, "is a statesman." Col. Goethals has made his marvelous success by adding to technical skill a gift for inspiring and controlling the polyglot spirits of forty-five nationalities working on this job. The real safety valve of the whole intense energy in play at the Isthmus is in the Colonel's Sunday morning conferences with whomsoever has a grievance. Whether it is the woman with a baby who wants a quieter flat, or the engineer who is grouchy over his pay, somehow it all ends with a big hearty laugh. Goethals has given the impression that he is personally interested in the life story of the man or woman before him.

The average gang of street laborers or government employes have always had the reputation of working in an easy, half-hearted way. Somehow the incentive of personal ambition seems to be dull on public work. But the canal is public work, yet every one seems to be in a hurry. Somehow the restless energy and buoyant enthusiasm of the Colonel have put the spirit of achievement into the whole force.

Such a career is not only an incentive to every ambitious American, but it illuminates many problems of handling men. It is a question of personal enthusiasm. Give the fellows under you some goal to work for, and make them feel that you are interested in their winning, and they will do things.

### CRUEL AND USELESS TO AVOID CONSUMPTIVES

The Superintendent of Public Instruction has just issued a little leaflet to the teachers of the state calling attention to the latest conclusions of science in carrying on the world wide fight against consumption. It is chiefly written by Dr. B. F. Howard, who is in charge of the Bureau of Tuberculosis for the State Board of Health. It particularly assures us that the unreasoning fear of associating with diseased persons is a foolish and useless thing. Worse still, it is cruel and harmful to the cause. A consumptive who takes care of himself is not a source of danger to his associates. The bacilli are so widely distributed in civilized life that every one has continued opportunities for infection, whether he sees consumptives or not. To ostracize patients or to frantically avoid them serves no good purpose whatever.

The leaflet is called "A Word to Teachers on Health" and it may be had of the superintendents at the county seat or of Superintendent Hyatt, at Sacramento.

### NON-PARTISAN ELECTIONS

The election of county officials will be non-partisan. The primary election for county officers will be of a nature to preclude party "slates" or combinations as far as the naming of the nominees is concerned. The different candidates, whose names go on the primary ballot, are submitted for the consideration of the voters of all parties. The political faith of the candidates does not enter into the matter, excepting the weight it may have with each individual voter. The idea is that the voters shall nominate men they believe to be the best qualified for office. The stronger candidates are thus selected in the primaries and for the final decision at the general election.

In county affairs the national political faith of a candidate should not have any great weight as to the efficiency of the candidate for office. It is quite likely that a voter will show his preference for men of like political faith, if their qualifications are equal to those of their adversaries, but the time is past where party dictation will have any great amount of weight in the matter.—Riverside Enquirer.

The Williams School for Dancing will organize a new beginners' class on Friday night, February 13th. A term of six lessons for \$3.00.

Lincoln's Birthday, February 12

**T**O most Americans Abraham Lincoln personifies real patriotism; he served his country in a way that seemed to him best; and he gave his best service in the fullest measure. There is no one of us who cannot learn something by considering this heroic man; there is no work of ours, no business of ours, which will not be better done, if we do it with his spirit.

It is possible in our business as it is in every business; to render a real service; and we're trying to do it

### NEW MUSIC STORE LOCATES IN SANTA ANA

The Thearle Music Company, whose home store is in San Diego, has opened a branch store in Santa Ana, having put in a stock of pianos and player pianos in the Santa Ana Book Store. The local store is in charge of Geo. T. Hively and he will be assisted by Ira E. Herschmer. Both gentlemen have from San Diego and they announce that they have come to stay.

The Thearle Music Company is said to be one of the oldest music houses in Southern California, having been in business in San Diego for twenty-six years. The store here is one of a number to be established in various parts of the state by this company.

### Personals

J. B. Winter returned Tuesday night from a trip to Iowa, where he and Mrs. Winter were called by the sudden illness of Mrs. Winter's father. Mrs. Winter is still at the bedside of her dying father. The trip was made in the record-breaking time of 51 hours, a distance of 1800 miles being covered.

H. Clay Kellogg has returned from a business trip to Santa Barbara. Miss Doris Robbins has gone to Santa Barbara to visit her sister, Miss Edna Robbins, who will graduate next month from the Domestic Science College of that place.

Mr. and Mrs. F. Hunanlike and Mr. and Mrs. Wm. Wendt of Pasadena visited yesterday with Mr. and Mrs. F. S. Hanglewisch and Mr. J. C. Maier.

Mr. and Mrs. T. A. Magee have removed to No. 326 West Eighteenth street.

Joseph Krock was called to Porterville last night on business.

Miss Lera State of the Farmers and Merchants Bank and Miss Frances Potts spent the day in Los Angeles.

Mrs. E. J. Cranston attended the Illinois-Iowa-Minnesota picnic today in Los Angeles.

Mrs. H. C. Nelson was a morning visitor to Los Angeles today.

Mrs. M. G. Van Loan, who has been visiting the N. J. Warners, left here this morning to attend the Illinois-Iowa-Minnesota picnic in Los Angeles.

W. J. Wells attended the Illinois-Iowa-Minnesota picnic held in Los Angeles today.

Mrs. Ida C. Birt, Mrs. R. E. Merritt and Mrs. E. J. Patterson were passengers on the excursion car to Olive-dale, near Hollywood, this morning.

Mrs. E. J. Gardner and her daughter, Miss Sarah Gardner, Miss Cameron, who is a house guest at the Gardner home, and Miss Marie Gutz-weller, were the guests of Clyde Buler today on an automobile trip to San Juan Capistrano and San Juan Hot Springs. Lunch baskets were taken and a picnic dinner enjoyed.

Mrs. A. L. Harvey of Ashland, Oregon, who has been visiting her son J. A. Harvey of the Farmers and Merchants Bank, left this morning for her home.

Mrs. Mabel Finney, Mr. and Mrs. E. C. Jacobson, Mr. and Mrs. W. B. Pruett and William Meyer, were among those who went on the excursion for the Olive-dale tract being opened near Hollywood. A special car left here about 9 o'clock and a large contingent of Santa Ana people and others from nearby the city, boarded the car.

Mrs. L. T. Carter of the Lacy House and Mrs. Fleming made a forenoon trip to Los Angeles today.

Mrs. Susie Vanderlip was a Los Angeles bound passenger this morning via the Pacific Electric.

Mrs. W. A. Zimmerman was in Los Angeles yesterday attending a luncheon given by a friend.

John Miles of Shelby, Mo., is visiting here at the home of his brother, R. E. Miles, of the Miles Shoe Company.

E. J. Benedict and family have moved into their new home at 701 South Main street.

Our Lincoln's Birthday window and display of A. Lincoln Watches, the highest product of the Illinois Watch Co., will be of interest to everyone. Lincoln souvenir bronze medals free. Padgham's Jewelry Store.

### FUNERAL SERVICES FOR MRS. EGGERS

Funeral services for Mrs. Betty Eggers will be held Saturday, February 14, at 2 p. m. at the Baptist church, Orange.

**NOTICE**  
Back again in the Log Cabin barber shop, W. S. Grimes, better known as "Shorty." I will be pleased to see all my old friends again. Shop open 8 p. m. Sundays until noon.  
Your Friend,  
"SHORTY."

Mell Smith, the Watchmaker, has moved to 304 Main street.

### REPUBLICANS ARE TO FORM CLUB TONIGHT

A meeting of Republicans is to be held tonight at the city hall for the purpose of forming an Orange County Lincoln Republican Club.

### CLEANSES YOUR HAIR MAKES IT BEAUTIFUL

It Becomes Thick, Wavy, Lustrous and All Dandruff Disappears

Surely try a "Danderine Hair Cleanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking it one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.—Advertisement.

### "Faultless" Houdans

This strain has been egg-bred from trapnest records since April, 1890. I have bred them 21 years for great layers and 12 years for large size chalk white eggs; these fowls are extremely hardy, have neither comb nor wattle to freeze, and are the best of all winter layers in open front coops. Faultless strain Houdans have won every blue ribbon at New York, Boston, Chicago and Philadelphia shows for past six years; eggs and stock sold on honor; send 10c for the largest illustrated poultry catalogue ever issued; it tells you how to breed these fowls, which average 250 eggs a year apiece; it tells you how to net \$3,000 a year from 100 hens. E. F. MacAVOY, Secretary Houdan Club, Cambridge, N. Y.

### ORANGE MERCHANTS ADOPT NEW SYSTEM

ORANGE, Feb. 12.—Last night the Merchants & Manufacturers' Association adopted a system of credits to be used for the benefit of the members of the association. Under the system a secretary will be employed for constant attention to the system. Miss Helen Miller was elected secretary.

### Safe For Babies, Effective for Grown-Ups

That's Foley's Honey and Tar Compound. It has the confidence of your druggist, who knows it will give you satisfaction. W. W. Nessmith, Statesboro, Ga., says: "I have used Foley's Honey and Tar Compound in my family and have sold it in my store and it never fails to cure." And Bob Ferguson, 319 Pine St., Green Bay, Wis., says: "I had a bad cough that kept me awake nights and two small bottles of Foley's Honey and Tar cured me." Wingood's Drug Store.

## Doings In Social and Club Circles

## ALL-DAY MEETING

United Presbyterian Ladies Had Shower for Pastor and Wife—Guests at Luncheon

Yesterday the Ladies Aid Society of the United Presbyterian church held an all day meeting in the church with an attendance of forty-five. The ladies combined pleasure with their labors and each contributed part of what proved to be a splendid luncheon at the noon hour. The addition of hot coffee gave the finishing touch to the repast. Rev. and Mrs. Kennedy were the guests of the ladies at luncheon. With busy fingers the "Aid" tied four comforters and quilted one quilt, joining the while in pleasant conversation which served greatly to lighten the burden of labor. During the afternoon a "shower" was given Mr. and Mrs. Kennedy. The shower consisted of canned fruits, jellies, jams, and other dainties of the sort, also one of the newly tied comforters. After recovering from the surprise Mrs. Kennedy very graciously thanked the ladies for the "shower" of good things, most acceptable in establishing a new household.

The Aid society has been very successful in adding many necessary articles of furniture and equipment to the church this year, this success being largely due to the efforts of the society's president, Mrs. Will Lindsey, and its secretary and treasurer, Mrs. W. H. Stevenson.

Some of the good things left at the luncheon were taken to the Day Nursery for the children to enjoy for their 4 o'clock lunch.

## Lincoln Birthday Ball

Appropriate to the occasion was the delightful Lincoln Birthday Ball given in the Armory last evening by the Williams School for Dancing. About forty couples graced the reception parlors with their presence and engaged in the popular pastime of dancing until a late hour. The music under the direction of Prof. Purless of Los Angeles was exceptionally good. Quite a number of out-of-town guests were present.

## A. W. L. Meeting

The local chapter of the American Woman's League will meet tomorrow afternoon at the residence of Mrs. C. H. Stanley, corner of First and Sheldon streets.

## Coming Social Event

Cards are out for a whist party to be given by Mrs. George Balderston on February 14, and Mrs. Alice Tubbs has issued invitations for a dinner on February 18. Another interesting social event is a party to be given at the Armory by Mrs. Robert Shaffer and Mrs. Fred Parsons on the evening of February 18.

## His First Sight of the Pacific

Mrs. F. A. Turner is enjoying a visit from her brother, D. W. Rucker, of Sturgis, Missouri, who arrived Tuesday and will spend the remainder of the winter in Santa Ana. Today Mrs. Turner took Mr. Rucker down to Newport Beach for his first sight of the Pacific ocean.

Other guests at the Turner cottage for the day were Mrs. N. Cartmell, Misses Mary Hopkins and Helen Van Cartmell.

## NEW COMMANDMENT TABLE

Intermediate Parent-Teacher's Association Adopted Wise Precepts for Parents

The Parent-Teachers' Association of the intermediate school held a profitable and interesting meeting yesterday afternoon in the art room of the commercial building. After greatly enjoying a piano duet by two of the intermediate pupils, Ireta and Kenneth Coulson, the members present entered into an absorbing discussion of questions pertaining to school welfare. Miss Cleugan took charge of the query box and called forth many helpful ideas.

Among the subjects receiving discussion was the marking system now in use, which seems unsatisfactory because of the differing estimates of teachers upon the work of various pupils. This system, too, entails a great amount of extra work upon the teachers, and it is hoped that some simpler method may be evolved. Folk dancing in the schools was also commented upon, bringing out the thought that inasmuch as folk dancing is graceful, refined and poetic, it must cultivate the taste of pupils and thus lessen the inclination to participate in objectionable forms of dancing.

The association heartily endorsed the "New Commandment Table" issued for Los Angeles, and recommended to Santa Ana parents. The table is as follows:

First. Make the children wash dishes, clean windows, sweep and do ordinary housework. Hard work will make them strong.

Second. Open your homes to young men or boy friends of your girls and to the girl friends of your boys.

Third. Invite your children's confidences; the girl who confides in her parents is rarely liable to go wrong. Neither is the boy.

Fourth. Take an interest in your children. Don't be the indifferent parent who doesn't know what the children are doing.

Fifth. Don't be a greedy parent. The child who goes to work on a falsified age certificate very frequently turns out to be a thief. It starts its business life on a foundation of dishonesty.

Sixth. Don't allow your girls to go unescorted to parks, skating rinks or theaters.

Seventh. Keep your girls pleasantly employed in the home. Lack of useful occupation often drives a girl to harmful pastimes.

Eighth. Don't let your home be, as are so many modern homes, mere places for the children to room, get their meals, and turn in orders for new dresses, suits and luxuries.

Miss Orfa Shontz, probation officer of the juvenile court, issued the above decalogue, with the theory that parents are almost wholly to blame for every case of delinquency. The three parental disgraces she sets forth as indifference, over-indulgence and over-severity.

At the conclusion of the discussion, several new members were added, and refreshments of pop-corn and candy were served by the courtesy committee.

Santa Ana Painless Dentists, 102 1/2 East Fourth St. Main 253.

## "LOP-SIDED PEOPLE"

Dr. Brougier to Deliver Lecture in Y. M. C. A. Entertainment Course Friday Evening

Friday evening, February 13, Dr. J. Whitcomb Brougier of Los Angeles will deliver his lecture on "Lopsided People" in the Grand Opera House, Santa Ana, at 8:15 p. m. under the auspices of the Y. M. C. A. of Santa Ana.

Dr. Brougier has lectured in Santa Ana a number of times and is enjoyed by nearly every one who hears him. Dr. Brougier is pastor of one of the largest churches on the Pacific coast and preaches every Sunday to an audience of over three thousand people in the temple Baptist church. It is one of the largest regular congregations in the world. He has a magnetic personality as a speaker, is very optimistic and eloquent, and is brimming over with wit. Dr. Brougier is one of the most remarkable figures on the platform today. The spare, muscular frame, the dark, vivid face overhung with a deep crop of bushy black hair, the keen, humorous eyes make him conspicuous under all circumstances. By many people he is considered a genius on the platform. Ex-President Roosevelt after hearing him preach, said: "That was a splendid sermon; Dr. Brougier is a great preacher; he is a great man."

The tickets for this lecture may be secured at Rowley's Drug Store, as may also a ticket entitling one to this lecture and the last two numbers of the Y. M. C. A. Entertainment Course.

On March 3 Montville Flowers will deliver his lecture on "Ben Hur" with illustrative acting; and on April 3 the entertainment course will close with a home talent entertainment under the direction of Ernest Crosier Phillips and C. A. Gustlin.

This course which the Y. M. C. A. has been putting on this winter has met with universal appreciation and is proving a success in every way and it is hoped by many that the association will see fit to arrange for a similar course next year.

## Pleasant Mission Meeting

The Y. M. C. A. Home Mission Society of the First Methodist church held the regular monthly meeting at the pleasant home of Mrs. F. C. Blauer. The rooms were artistically decorated with fragrant acacia blossoms.

After the business session Mrs. E. H. McMath and Mrs. Howard Wassum read instructive papers on "Immigration."

While the ladies were busily engaged in sewing for a mission school, Mrs. F. J. Rogers paid the society a visit and gave an interesting account of her recent visit to the Yuma Indian reservation, speaking especially of the needs of the Methodist mission there.

Delicious refreshments were served by the hostess, Mesdames Blauer and Buchheim.

Besides the seventeen members present there were two guests, Mrs. Harrison and Mrs. Eggers.

## Successful Sale

The Sunshine Society departed yesterday from its regular form of meeting, the ladies of this philanthropic organization holding a cooked-food sale at Morrill Bros. store on East Fourth street. Not only did the society succeed in having a meeting, but they concluded a wonderfully successful sale of their well cooked food wares, reaping a generous return.

The ladies wish to thank the public for its patronage and also their gratitude to Morrill Brothers for the use of their room. The goodly sum realized will be devoted to charitable work.

## Saw Skinner in Great Play

Mrs. E. S. Gilbert and Mrs. C. M. Jordan, Mr. and Mrs. E. E. Keech, Mr. and Mrs. J. P. Baumgartner were among the Santa Anans who saw Otis Skinner in "Kismet" yesterday afternoon at the Mason, Los Angeles. Mr. and Mrs. C. S. Kendall and Mrs. L. J. Carden motored up to Los Angeles for the performance of "Kismet."

## Read of Brazil

The Young Ladies' Travel Club met Wednesday afternoon with Miss Blanche Tiede at her home on West Washington avenue. Mrs. Mark Lacy and Mrs. John Tubbs were in charge of the program, the subject being "Brazil and Rio de Janeiro." Readings and illustrations on Rio de Janeiro from the interesting writings of Elsie M. N. Caldwell were given, proving extremely attractive.

Music and light refreshments were enjoyed during the social hour following the program.

The next meeting of the club will be held at the home of Mrs. John Tubbs, 1702 Bush street.

## Five O'Clock Tea

Miss Lois Tedford was hostess yesterday afternoon at the beautiful W. B. Tedford home on North Broadway to a coterie of friends. In honor of Miss Florence Mullinix, who is shortly to be a bride, and her two guests, Misses May McMeans and Nell Hall of Santa Rosa. An effective yellow scheme was carried out in the decorations.

About thirty guests were present and the guests happily entertained with conversation and music. Five o'clock tea was served before the guests took their departure.

## Commandery Banquet

Santa Ana Commandery No. 35, K. T., last night enjoyed a visit from Past Commander Smith of a Texas chapter, and in honor of his visit and the initiation of F. C. Rowland, a banquet was enjoyed after the lodge session.

During the business hours of the evening, the chapter accepted invitations to a reception to be given by the Los Angeles commandery on Feb. 17, in honor of the visit of Right Sovereign Master McArthur of Washington, D. C., to the Pacific coast, and a grand ball and drill to be given by Pasadena Commandery on Feb. 23, at Hotel Maryland.

## Needlework Party

Mrs. P. A. Robinson and Mrs. F. P. Jayne yesterday entertained twenty-five ladies at a needlework party at the Robinson home. Red carnations

Practically everything in stock at reduced prices

Vandermast &amp; Son

In brown baskets were used in decorations with a profusion of plumosus fern. Social conversation over the pretty fancy work entertained the ladies through the afternoon.

Delicious refreshments were served on small tables, Miss Marjorie Luck and Miss Rose Clausen serving.

Those entertained were: Mesdames A. J. Visel, W. D. Baker, Will Liller, J. G. Quick, C. W. Burns, J. W. McCormac, W. Halstead, W. J. Saunders, S. M. Davis, W. H. Smith, L. K. Strong, R. R. Tiffany, F. W. Wieseman, T. A. Whittiger, John Wehrly, E. J. Inwood, O. S. Catland, Brown, T. M. Neely, Edward Lee, W. W. Crone, J. E. Jayne.

## For Miss Cameron

Miss Sarah Gardner last night entertained in honor of her house guest, Miss Florence K. Cameron of Toronto, Canada. The West Washington avenue home was beautifully adorned with yellow acacia. A brown and yellow scheme prevailed in decorations and refreshments. The score cards used in a progressive hearts game, played with cubes of sugar, were of birch bark brought from Canada and the unique counters of brown will be cherished as souvenirs of a pleasant evening. Part of the evening was spent in feather-stitching dust cloths for Miss Cameron's "hope box," and many good wishes went into the stitches.

The brown and yellow tints were seen in the French salads which were of yellow, the frozen dainties "maple moose" and in the brown after-dinner mints.

Those invited by Miss Gardner to meet her guest, Miss Cameron, were Miss Herman of Buffalo; Miss Miller, of Canada, who is here visiting her sister, Mrs. J. N. Anderson; Misses Grace Grigsby, Marie Gutzwiller, Daisy

Williams, Hazel Stockslager, Cynthia Schalekamp, Gertrude and Annis Snow, Rosa Clausen, Nell Sumner, Mary Collins, Maud Powers, Anna McFadden; Mrs. Clarence Tedford.

## Pleaded for Indians

A large attendance marked the meeting of the Woman's Home Missionary Society of the First Presbyterian church held yesterday at the church. Miss Ida Mitchell, chairman of the program committee, led the devotionals, her theme being "Neighborliness to All the World."

The principal speaker of the afternoon was Dr. A. Grant Evans of Long Beach, who has been working among the American Indians in California during the past year. He made a strong appeal for the churches of all denominations to co-operate with the United States government in bettering the condition of the California Indians who are said to be the most degraded and most poorly cared for in the United States.

Letters were read from Mrs. Dr. Coons in Korea and Mrs. Minnie Moore Gray in Nanking, both of deep interest to the auditors.

## At Mrs. Lindsey's

This week's meeting of the Young Ladies' Society of the United Presbyterian church was held at the home of Mrs. Will Lindsey. There were about twenty-five present and the usual sewing done by the society kept them busy for the first part of the evening.

A feature of the occasion was the presentation to each guest by the composer of a copy of "Tis the Music of the Brook," written and composed by Miss Rosaline Kellogg of this city, and recently published. The pretty melody was soon tried and the com-

poser congratulated on her successful work.

Mrs. J. C. Kennedy, wife of the new pastor of the church, was an honored guest of the society. Refreshments of sandwiches, salad and coffee were served by the hostess before the close of the pleasant evening.

Hall of Santa Ana, Lodge No. 241, F. and A. M.

Special meeting is called for Friday evening, February 13, at 7:30 o'clock. Work in the third degree. PRINCE L. TOPLE, W. M. R. W. MEAD, Secretary.

Five or seven-gore skirts made free at Crookshank-Beatty's, Feb. 16.

## WANTED!

10,000 Watches That Don't Keep Good Time

We make a specialty of any kind of complicated watch repairing—work that some watch-makers can't handle. No job of watch repairing is too difficult for our expert repair men.

Jewelry and Piano  
112 E Fourth St. Santa Ana

## LAST RITES TODAY FOR MR. WILLIAM D. MATEER

The last sad rites for W. D. Mateer were held this morning at the First Presbyterian church, many friends paying tribute to the long and useful life, just passed out, with their tears and beautiful floral emblems, which covered the handsome casket and surrounded it. Rev. J. A. Stevenson officiated at the impressive services and two lovely hymns, "Asleep in Jesus" and "Nearer My God to Thee" were rendered by Misses Irene Balcom and Hazel Rowley. A touching feature was the attendance in a body of Mr. Mateer's Sunday school class of 100 adults.

Rev. Stevenson spoke feelingly of the splendid life lived by the deceased and of the help given him in his pastorate by the good man.

The honorary pallbearers were Messrs. E. W. Smiley, J. H. Rankin, P. W. Charlton, George Gaul and H. J. Masters, the active bearers being Messrs. Harry W. Lewis, Charles Miller, W. W. Henry, George Thacker, J. W. Osborn.

—WANTED—Every woman in Orange county to know that on Monday, Feb. 16, between 10 a.m. and 5 p.m., we will make 5 or 7-gore skirts free, from any goods purchased from us costing \$1.00 per yard or over. Crookshank-Beatty Co. The Big Day-light Store.

Great value in Table Linen. Pure white double damask, full 72 inches wide. You will think it worth much more. Napkins to match. Gilbert's great \$1 damask. We want you to compare this quality. If you need a table cloth go to Gilbert's and look and ask for that great \$1 damask. This is our greatest leader at Gilbert's.

Our Lincoln's Birthday window and display of A. Lincoln Watches, the highest product of the Illinois Watch Co., will be of interest to everyone. Lincoln souvenir bronze medals free. Padgham's Jewelry Store.

—When better bread than our Round Loaf is made, Dragon will make it.

## Right of Eminent Domain

That the right of individuals to exercise eminent domain upon lands of the State, when such lands have been included in the establishment of a federal forest reserve, is declared unimpaired by the Supreme Court of California. The Desert Water, Oil and Irrigation Company brought an action in eminent domain to obtain one-sixteenth of a section of school land in Mono County, which is included in a forest reserve. This action was resisted and suit resulted in the lower court deciding in favor of the plaintiff. The Government then demanded a new trial, which was refused and appeal followed. The Attorney General in his appeal maintained that the lands had been devoted to a public use, and had been withdrawn so as not to be subject to eminent domain.

The Supreme Court held that the creation of a forest reserve upon the land by the federal government did not constitute the devotion of the land to a public use by the State, as the existence of the forest reserve did not impair the State's title to the land.

Justice Henshaw, who wrote the decision, remarked: "It is a manifest fact that in a State such as California, a large part of whose territory and whose natural resources are taken away from State control, the denial of the right of taxation to such lands are developments of governmental ideas not dreamed of at the time of the adoption of the Constitution. In California the cause of conservation would not suffer if entrusted to the State itself." The judgment of the lower court was affirmed.

## Eggs Fifty Years Old

Eggs from China for the first time in the history of Los Angeles were offered on the Produce Exchange Wednesday. These eggs compete with local ranch eggs and the price at which they were offered was 33 cents per dozen. Their appearance in the market forced the price of ranch eggs down. In this connection it might be remarked that the Chinese and the Japanese have a method of preserving eggs that will keep them for ages. Dr. C. M. O'Leary, a well known member of the Los Angeles Stock Exchange, who spent a number of years in the Orient, has eaten eggs there which had been preserved for fifty years and more. The egg shell is covered with some kind of a shellac, the manufacture of which is kept secret, and they are buried in the ground. When removed years afterward and broken open the meat in the shell has turned black, but when cooked are as palatable as fresh eggs. Dr. O'Leary has experimented with coating empty egg shells with a varnish and burying them for a year or more. When uncovered the shell is as perfect as when placed in the ground.

## To Dam the Tuolumne

Preliminary plans toward financing the construction of a dam at a natural reservoir site on the Tuolumne River, eight miles above the La Grange dam, are being discussed by the Modesto Board of Irrigation Directors. It is estimated the work will cost about \$2,000,000 and will afford storage for 300,000 acre feet, which would provide two extra irrigations. The expense would be shared between the Turlock and Modesto districts, each being equally benefited. The directors will soon call an election on a bond issue of \$610,000 for the completion of the system within the present confines of the district.

## Make Your Income Report

Unless you make a report by March 1, showing the exact amount of income you have received between January 31, 1913, and March 1, persons subject to the income tax law will be fined, according to an announcement made by John P. Carter, collector of internal revenue for this district. Mr. Carter deprecates the fact that the government allows no extension of time during which corporations and individuals might make a return of blanks showing the income for the taxable period. In other specific cases under certain conditions the law allows the penalty to be disregarded, but in those above mentioned the collector said he would have to impose a fine in the event the returns are not received by March 1. The greatest income thus far reported is \$300,000 a year, but Mr. Carter is not permitted to divulge names of those who make returns.

## Burlson and Wire Service

Postmaster General Burlson is disappointed, it is said, and others associated with him, because Congress has not called for statistical information which he has gathered regarding the wire service of the country. The head of the Postoffice Department, it is stated, believes telegraph and telephone lines can be taken over at an initial cost of \$250,000,000 and that the surplus made by the Postoffice Department on the parcel post during the coming fiscal year will be sufficient to pay the 4 per cent interest on the transaction.

## Climbing on Band Wagon

More than two-thirds of the national banks in the United States now have made legal application for membership in the new Federal Reserve system, according to the Treasury Department.

## Oranges Bring \$5 Each

Two oranges, each of which weighed more than two pounds, which were grown in a grove at Chico, were sold for \$5 each to Horace McPeak, a teacher in that city. The monsters are being exhibited to his classes in the State Normal School. They are said to be the largest and finest grown on this Coast.

## Associated Oil Earnings

It is said that the earnings of the Associated Oil Company is sufficient to warrant the directors in increasing the annual dividend to 5 per cent. This is probably the cause of the spurt in the price of the stock.

## Great Strike in London

The executive council of the Building Trades Federation, London, has adopted a resolution calling upon the plumbers, smiths, fitters, electricians, painters and allied trades to join in a strike. More than 100,000 men are affected.

## Packers Unusually Prosperous

One billion, one hundred and fifty-five million dollars was the amount of gross business transacted by the five leading packing firms in Chicago in the last fiscal year, or \$300,000,000 more than in the fiscal year of 1912. Of this total the contribution of Swift & Co. was \$400,000,000; Armour & Co., \$350,000,000; Morris & Co., \$175,000,000; the Cudahy Company, \$150,000,000, and Sulzberger & Sons Company (estimated), \$125,000,000.

This enormous total is greater than the gross revenues of ten of the larger railroad systems of the country. The volume of capital required by the packers to make their turnover of \$1,155,000,000 was insignificant compared with that employed by the ten railroad companies to do about the same amount of business. The packers turn their capital over several times a year, which, of course, cannot be said of the railroads. It was estimated by John Fletcher, in the hearing on the reserve bank question, that the total turnover of concerns at the stock yards totaled \$15,000,000 a day, or more than \$4,000,000,000 a year.

Their net amounts applicable to dividends and the percentage of return on their capital stock compare as follows:

	1913		1912	
	Net for dividends	% on stock	Net for dividends	% on stock
Swift	\$8,250,000	12.33	\$8,250,000	11.00
Armour	6,028,136	30.14	7,011,646	28.50
Morris	1,916,936	63.56	1,812,658	60.40
Cudahy	1,329,759	41.00	1,129,455	43.00

\* After payment of 6 per cent on \$2,000,000 preferred stock.

The turnover of the Sulzberger & Sons Company has been estimated at \$125,000,000, with a net profit of \$2,150,000.

The packers' securities are not widely held. Swifts' and Sulzbergers' stocks practically being the only ones in the public's hands. Armour, Morris and Cudahy shares are held by those who control the companies. All of the five companies have bond issues, however, which are held by investors.

## Treasury Instructs Banks

Misunderstanding among many bankers as to that part of the currency act which provides when banks shall enter the reserve system has caused the Treasury Department to issue a statement designed to clear up the situation and to prevent needless inquiries. The statement says, in part:

"A number of banks appear to be under the impression that only banks located in reserve cities are required as a matter of law to signify their acceptance of the Federal reserve act within sixty days from its passage. All national banks are required to signify their acceptance or non-acceptance of the terms of the act within sixty days, irrespective of their location. It is not compulsory that State banks and trust companies shall signify within sixty days from the passage of the act their intention in the matter."

Almost 6,000 national banks have made legal application for membership in the new system up to today, and as there are only 7,500 national banks in the United States, and since by far the greater portion of the applicants are national banks, indications must point to but few remaining without the system. The limit on national banks is February 22. According to Treasury officials, the total capital of the national banks which have formally applied represents about 70 per cent of the total capital of all the national banks. Eighty-two State banks and trust companies have applied for membership, and since the approval of the reserve act, December 23, sixty-four such institutions have expressed their desire to become national banks.

## Increases Its Capital

Increasing its capital stock from \$50,000 to \$1,000,000, a large part of which having been subscribed by the directors and other members of the company, the Bankers Bond and Mortgage Company of Los Angeles, which heretofore has been a closed corporation and which simply carried on a brokerage business, will reach out and will specialize in bonds. Changes have been made in the officers of the corporation, the present officials being H. C. Williams, prominent in Los Angeles financial circles, president, and Emory C. Brace, secretary. Other officers are: First vice-president, Albert Searl, of the Los Angeles Stock Exchange; second vice-president, B. A. Hayden, former president of the March Oil Company; third vice-president, C. A. Hall, president of the Pacific Engraving Company; treasurer, Harrison L. Drummond, vice-president of the Security National Bank of Pasadena and former vice-president of the American Tobacco Company.

## Wonders of Wireless

An agreement is announced between the Marconi Wireless Company and the Western Union Telegraph Company for the exchange of business by which it will be possible next April to telephone from any American home or office a message for delivery in London, St. Petersburg, Hongkong, Tokyo or Honolulu. The telephone message will be delivered to the telegraph company, which will turn it over to the wireless company, to be relayed across the Atlantic or the Pacific, as the case may be.

## Caring for Health of Tenants

It cost a St. Paul landlord \$25,000 in damages for his failure to keep a building warm owing to insufficient heating. A stenographer declared that she caught cold owing to alleged negligence in heating the building wherein she was employed, and tuberculosis resulted. She sued for damages and the State Supreme Court has affirmed the verdict of the lower court awarding her \$25,000.

## To Drill Twenty Wells

On the Emery lease of the Standard Oil Company in the Whittier field the Standard Oil Company, it is said, will expend \$3,000,000 and twenty new wells will be started at once.

## Big Steel Plant in Blast

The Riverside plant of the United States Steel Corporation in Wheeling, W. Va., has resumed operations in full after an idleness of four months. Approximately 5000 men are affected.

## ANAHEIM MEN WATCH RIVER

Report Shows West Side and East Side Are to Hold Conference

Anaheim Gazette: Chairman Ahlborn, of the committee on river protection, made a report to the Board of Trade Monday night and submitted an account of the damage wrought by its rampage following the recent heavy rains. There was a break in the dike 150 feet in extent south of the Olive bridge and another 1000 feet in length farther north, but by prompt action and hard work the south break was repaired in a day by those living in the neighborhood. Had it not been for the break on the opposite side which flooded a portion of the county as far south as West Orange, both Anaheim and Fullerton would have suffered loss from inundation. Mr. Dietrich said the people of Olive were anxious to co-operate with Anaheim in devising some method of protection against the overflow. There are two methods proposed, he said, one being to form a protection district and the other to collect sufficient money by private subscription.

Following is a full report of the committee: "The protection which existed before the recent high water was as follows: South of the Olive bridge there was the partly new and partly old row of piling, backed up by brush and sand, known as the Garden Grove dike. North of the Olive bridge there was, first the old levee, built in 1895, which starts some distance this side of the bridge and continues north and northeast around the bend of the river, at quite a distance this way from the present channel. This is full of squirrel holes and not to be relied upon at all. In addition to this, starting at the end of the bridge, immediately against the open channel, was a row of piles, new at the bridge but older farther north, which joined the old levee at a point just around the bend of the river. The owner of the land had at quite a considerable expense, set in new piling in the weaker places, also had had brush cut and tied into bundles and piled back of the piling, so that this would have stood any ordinary high water. Now for the damage done. First, a break was made in the Garden Grove work about about 150 feet long but as the piling did not go out this was repaired in one day. Eight or nine men, some of them with teams. Gum brush was hauled in and when the brush was shut out scrapers were used. North of the bridge, around the bend of the river, water got out through some old breaks and did some slight damage. At the bend, big sections of the dike went out, letting much water go up against the old levee. The water quickly made its way through gopher holes and had it not been for the big break which occurred on the other side of the river near Olive, most of the river would soon have found its old channel between Fullerton and Anaheim. Half way between the bend and the bridge another bad break took out 1000 feet of dike and also most of the piling, which was old and rotten. One more night of rain and the old levee would have gone out, for it is full of squirrel holes, although it looks strong.

"On Friday of last week your committee put on their overalls, and getting together about a dozen men, some of them with teams, hauled brush and gum stumps into the break at the bend of the river, and while the work is far from what should be, yet considerable protection is afforded at this point, but there still remains the big break nearer the bridge which is the real menace to Anaheim. It was thought best to continue this temporary work some day this week and anyone who feels like assisting will please communicate with some one of the committee. Arrangements are being made with the Olive protection committee for a joint meeting, some time this week, to discuss the advisability of co-operating with them for better protection and we hope by next meeting to be able to report considerable progress."

The secretary announced that he had just recently received a check from the Standard Oil Company for \$100 to be added to the protection fund, which made the amount available \$1300. The matter was left to the committee, which was continued on the job.

## LAXATIVE FOR OLD PEOPLE--"CASCARETS"

Salts, Calomel, Pills, Act on Bowels Like Pepper Acts in Nostrils

Get a 10-cent box now. Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles. So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty. Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets and they cost only 10 cents per box at any drug store. They work while you sleep.—Advertisement.

Silver Medal, G.O. Groves, Inc.	1.70

Two cars Florida oranges sold, averaging \$2.20.

## LOS ANGELES PRODUCE MARKET

The bottom just about dropped out of the egg market yesterday when case count declined to 26 cents, a decline of 5 cents in a single day. This was occasioned by a very marked drop in egg prices in the north and the increasing local receipts, which fail to show up plainly, however, in the number of eggs brought in by common carrier. The real cause for the decline is not the production of the steady ranch poultrymen, but come because of the enlarged production of the back yard farmer, who is selling eggs to his neighbors and to the grocery stores, thus causing the lower valuation. Only \$3.50 cases of eggs were reported in yesterday, and very few of these were from the east of Petaluma. The price of candied declined correspondingly.

## PROPOSALS FOR SCHOOL BONDS

Sealed proposals for the purchase of school bonds in the sum of Twelve Thousand (\$12,000.00) Dollars, to be issued by the Board of Supervisors of Orange County, California, will be received by the Board of Supervisors of Orange County up to 11 o'clock, Tuesday, February 17, 1914.

Each of said bonds shall be dated March 1, 1914, and shall bear interest at the rate of five (5%) per cent per annum, payable semi-annually; said principal and interest to be payable at the office of the Treasurer of Orange County, California.

Said bonds are twelve (12) in number, of One Thousand (\$1000.00) Dollars each, payable as follows: to-wit:

Bond No. 1, \$1000.00, payable March 1, 1917.

Bond No. 2, \$1000.00, payable March 1, 1917.

Bond No. 3, \$1000.00, payable March 1, 1917.

Bond No. 4, \$1000.00, payable March 1, 1917.

Bond No. 5, \$1000.00, payable March 1, 1920.

Bond No. 6, \$1000.00, payable March 1, 1922.

Bond No. 7, \$1000.00, payable March 1, 1922.

Bond No. 8, \$1000.00, payable March 1, 1922.

Bond No. 9, \$1000.00, payable March 1, 1924.

Bond No. 10, \$1000.00, payable March 1, 1925.

Bond No. 11, \$1000.00, payable March 1, 1926.

Bond No. 12, \$1000.00, payable March 1, 1927.

The Bonds will be sold for cash only and at not less than par and accrued interest. The purposes for which said bonds were voted were and are for the purpose of raising money for purchasing school lots, for building or purchasing one or more school buildings, for insuring school buildings, for supplying school buildings with furniture or necessary apparatus, and for improving school grounds.

A certified or cashier's check payable to the order of the Chairman of the Board of Supervisors of the sum of three per cent of the amount of said bonds or of the portion thereof bid for, must accompany each bid. Said bonds and reserves the right to reject any and all bids.

The total valuation of taxable property within the Bay City School District in said county for the year 1913 is \$109,335.00, exclusive of operative property, and the outstanding bonded indebtedness is none.

By order of the Board of Supervisors of Orange County, California, made February 3, 1914.

(Seal) W. B. WILLIAMS, County Clerk and Ex-Officio Clerk of the Board of Supervisors.

NOTICE TO VOTERS

The Great Register of Orange County for the year 1914, as well as every other county in the State of California, is now being compiled. All voters who expect to participate in the general election to be held in November, 1914, and in the primary election to be held in August, 1914, must register. Registration closes for the primary election on July 25, 1914, and for the general state election on October 3, 1914.

W. B. WILLIAMS, County Clerk.

## ALFALFA

MR. WORKINGMAN, where land is out of your reach, have you ever figured out how on SMALL investment, alfalfa alone, of ALL CROPS, will make you independent?

LISTEN—10 tons per acre is conservative for any S. J. lands. Some get 15 tons. \$10 per ton is paid IN THE FIELD; \$15 to \$18 baled. The land will pay you during the first year 1/2 crop ..... \$2000 Second year full crop ..... \$4000 Third year ..... \$4000 Fourth year ..... \$4000 Fifth year ..... \$4000

\$18,000 ..... \$6000

Remember these are conservative on a 40 acre tract. You can get 20, 40, 60 acres at our tracts 4 miles from Porterville, adjoining the orange groves, or 10 miles from Fresno, eternal market, city advantages, ideal water and climatic conditions. Anything more?

Remember, too, we are doing our best to impress upon you that February and March are the latest months to plant your alfalfa. Also, owing to nature's bountiful rains, 1914 is the one and only year.

Free Trips up every week. Come in and arrange to go up.

## BUXTON REALTY EXCHANGE

116 East Fourth St. "Where the Little Model Farm is in the Window."

## FOR SALE

FOR

## WALNUT MEN HOLD MEETING

Association to Continue Under  
the Same Management as  
Last Year

There is no change in the management of the Santa Ana Valley Walnut Growers' Association. The directors are M. Nisson, president; O. H. Gruenewald, vice-president; George H. Randall, treasurer; A. J. McFadden, Stephen Ross and C. F. Crose. A. C. Tiede continues as secretary.

At the meeting of the walnut growers on Tuesday, A. H. Stutsman said that possibly the association would have to pay an income tax, though the association merely handles the walnut crops for its members and is not a profit accruing concern. There was some discussion of doing away with the use of the word "distribution" in speaking of the settlement with growers. Judge Stutsman suggested using the word "distribution" and Tiede suggested using "payment."

All members were urged to try to get their neighbors to join the association, and to send to the secretary names of non-members who will then be seen by the secretary.

Secretary Tiede said there would be no difficulty in selling what there is left of the walnuts. The association's receipts this last season will total \$340,000, as against \$270,000 for the previous season.

## IF HAIR IS TURNING GRAY, USE SAGE TEA

Here's Grandmother's Recipe  
to Darken and Beautify  
Faded Hair

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggly, just an application of two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the tonic; you can get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," ready for use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wyeth's" Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.—Advertisement.

Attention, Fraternal Brotherhood  
Lodge banquet Thursday evening,  
Feb. 12th, 7 o'clock sharp.

—Practical nurse is open for engagements. Confinement cases a specialty. Phone 570W, or address 1726 Valencia.

—Don't fail to come on Monday for our free skirt making proposition. Crookshank-Beatty Co.

## ARRANGING FOR SPEAKING BY TWO GREAT PROGRESSIVES

Many of the details for the two meetings to be held by Governor Johnson and John M. Eshleman in this county on February 20 have not yet been completed by the committee-men in charge.

The first meeting will be held at 8 o'clock in the afternoon at Campbell's Opera House at Orange. Progressives from Orange state that there is a great deal of interest at Orange in the meeting, and that the governor and Eshleman, who is a candidate for the Progressive nomination for lieutenant governor, are certain to have a large audience.

The evening meeting will be at the Grand Opera House in Santa Ana. The stage will be provided with possibly 150 chairs to be occupied by ladies and by members of the central committee.

Unjust  
"Bobby's playmates abuse and insult him because his teeth are too prominent and one ear is a little larger than the other isn't that brutal, Doctor Fourthly?"  
"I should say not, madam; brutes never do such a thing as that."

Young Hogs Healthy  
Young hogs should not be given crowded quarters. In order to keep them in a healthy, growing condition, a proper diet should be fed. Healthy individuals possess a certain amount of power to resist disease, and this plays no small part in preventing it.

Santa Ana Painless Dentists, 102 1/2  
East Fourth St. Main 253.

Consult Dr. Enoch's. Sunset phone 47.

Correctly fitting glasses are made by Dr. Loerch, 116 East Fourth.

—Better buy Dragon Round Loaf bread than to afterward wish you had.

## PROSPECTS GOOD FOR HOT CONTEST AT ORANGE FRIDAY

[By Staff Correspondent]  
ORANGE, Cal., February 12.—The Los Angeles Athletic Club Basketball Team, which plays the Orange team in this city next Friday evening, comes with a clean slate so far as defeats are concerned. The team has not been beaten this season. This state of affairs lends a most interesting side to the argument as the local five are determined to break the visitors' winning streak. There is, accordingly, every prospect of a hot game.

The Glassell Street Girls' Basketball Team defeated the Center Street School Girls yesterday by a score of 14 to 4. The game was refereed by Miss Ethel Ensign. The two teams lined up as follows: Glassell—Mabel Hughes and Melzina Brown, forwards; Rose Richardson and Alice Fuller, centers; Alta Tucker and Kathryn Dyer, guards; Center—Frances Donovan and Jessie Hafer, forwards; Gertrude Cole and Guinevere Danner, centers; Lucy Hafer and Dorothy Guthrie, guards.

At a regular meeting of the Royal Neighbors held yesterday afternoon in Odd Fellows' hall one candidate, Mrs. Eugene Livingston, was initiated. At the close of the business session a social hour was enjoyed. Refreshments of sandwiches, cake and coffee were served. Valentine place cards were a feature.

F. A. Blake, D. C. Pixley, A. C. Hamilton, A. Dittmer, C. W. Hollister and W. M. Fishback were business visitors in Los Angeles today.

Miss Mary Gates arrived home yesterday from Mesa, Arizona, where she has been since October 1, keeping house for her brother, Carl Gates.

Orville Knight has sold his residence property on South Grand street to A. C. Vernoy of this city.

Miss Alice Carlson came home yesterday from Mesa, Arizona, where she has been visiting with the Misses Mabel and Iva Reeves.

J. H. Schott, of North Cambridge street has sold his ranch there and leaves today for Chicago, Ill., where he expects to remain through the summer months.

Philip Dornseif was down from Los Angeles last evening, returning this morning.

Earle Pine was home from Los Angeles to spend last evening.

Mrs. Frankforter and little daughter have gone to San Bernardino to spend a few days.

Miss Lottie Point of Long Beach arrived here yesterday for a few days' visit with Mrs. H. F. Dalrymple of North Orange street.

V. W. Roberts and family motored to Long Beach on a pleasure trip today.

Lester Behymer has moved from his ranch at El Modena, which he recently sold, to North Cypress street, Orange.

N. T. Edwards spent yesterday in Los Angeles on business.

Mr. and Mrs. A. H. Small and son Howard have returned home after spending the last four weeks with Mrs. Small's parents, Mr. and Mrs. J. A. Buckingham, of Santa Ana.

Great value in Table Linen. Pure white double damask, full 72 inches wide. You will think it worth much more. Napkins to match. Gilbert's great \$1 damask. We want you to compare this quality. If you need a table cloth go to Gilbert's and look and ask for that great \$1 damask. This is our greatest leader at Gilbert's.

SANTA ANA, CALIFORNIA, THURSDAY EVENING, FEBRUARY 12, 1914.

## MOTORCYCLISTS OPENS SEASON OF RUNS

Sunday Party of Thirty-five  
Riders Took Trip to Laguna  
Beach

Last Sunday afternoon about thirty-five motorcycle enthusiasts of Santa Ana and vicinity made a run to Laguna Beach.

The afternoon was spent in swimming and a general good time. The two riders who attracted the most attention were Lamme and Osborne, both on 1914 model Indians. Lamme purchased his machine the night before and of course was very proud of his mount, which is a straight seven-horsepower twin-cylinder machine. Osborne was mounted on a two-speed, twin-cylinder machine which brought a great amount of attention.

This ride has opened the 1914 season and there will be a great many rides arranged for in the near future, one of which will probably be to Smith mountain. Any person who has ever been over this road will know what this particular ride will mean.

## MAY CALL HIM CAPT. MARTIN

Santa Ana Aviator is Figured  
to Lead N. G. C. Aviation  
Corps

An aero corps is to be added to the California National Guard, and enlistments are now being received in Los Angeles.

Glenn Martin, probably the best-known aviator in Southern California, who learned to fly in Santa Ana, is being urged to accept the captaincy of the aero scouts corps being formed.

Though reluctant, to accept the leadership offered, Martin has made known his intention to join the corps, and is now building a two-passenger scout machine for use with the invading army in the coming summer maneuvers of the national guard, in case the national guard has not before that time supplied the machines which have practically been promised by Adjutant General Forbes.

The corps, when recruited, to its full strength, will have thirty-nine enlisted men and five officers. At first its equipment is to consist of two machines with auto tenders. Later it is expected that this will be increased to four aeroplanes, each with auto tender.

New York is the only other state which now has a militia aeroplane corps. Corporal Colby, who is receiving applications for the new branch of the national guard, is confident that a sufficient number will be received in a few days to make up the corps' full complement. Charles Day, who is Martin's chief of construction, has joined the corps.

## ELECTRIC LIGHT PLANT INSTALLED ON RANCH

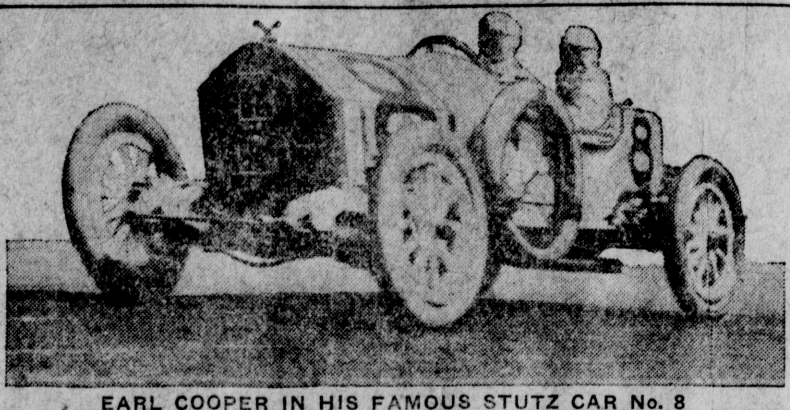

The Road Ignition Works recently installed an electric lighting system for Stephen Griset at his ranch house, two miles southwest of the city. A 1½-horsepower distillate engine furnishes the power for the electric generator, which charges a large storage battery. Enough current is furnished to run from five to twenty incandescent lights, an electric iron, washing machine, drill press, etc., and the expense of operation is said to be less than it would cost to burn kerosene lamps and lanterns needed about the place.

## INDOOR TENNIS CHAMPIONS ON

NEW YORK, Feb. 12.—Under the auspices of the United States Lawn Tennis Association play began today on the Seventh Regiment Armory courts for the national indoor championships in singles and doubles. All matches are to be two out of three vantage sets, except in the finals of singles and doubles, which will be three out of five vantage sets. Consolation finals will be two out of three vantage sets. The winner of the singles championship will be awarded the Seventh Regiment Cup won by W. C. Grant, in 1902, and by G. F. Touchard in 1913. The cup must be won three times, not necessarily in succession, to become the property of the player. William B. Cragin, Jr., who was the singles runner-up in 1911-1912, and winner of the doubles title with Touchard last year, will act as referee.

## PETROSKEY-CLABBY MEET

LOS ANGELES, Feb. 12.—Sailor Petroskey tonight will attempt to prove that his recent attack of appendicitis has not impaired his ring qualities. He meets Jimmy Clabby in a twenty-round bout at McCarty's Vernon Arena.

EARL COOPER IN HIS FAMOUS STUTZ CAR No. 8

## AVERAGE SPEED WILL BE HIGHER THAN EIGHTY MILES AN HOUR

Earl Cooper and Gil Anderson Get Into  
The Big Races With Their Famous  
No. 8 Stutz Cars

The accompanying illustration shows Earl Cooper in his famous Stutz car No. 8. This is the same car with which he won the world's championship in 1913 and which he will drive in the coming Vanderbilt Cup Race, February 21, 1914, and the International Grand Prize Race, February 23, 1914.

Mr. Cooper will have for a teammate Gil Anderson, winner of the 1913 Grand Prize Race over the Milwaukee course. Mr. Anderson's car is identical the same as the one shown in the accompanying illustration, except his official number will be No. 3. Mr. Anderson is also going to compete in the coming Vanderbilt Cup Race.

The running of the two above mentioned races in Southern California is a great boost for the entire Pacific coast, as the Vanderbilt Cup Race is without question the classic American road racing event, and the International Grand Prize Race is the biggest international road racing event.

The Santa Monica course over which these races will be run has held the world's speed record since 1908. Harris Hanshue won the 1909 event in an Apperson car at an average speed of 64.45 miles an hour.

Teddy Tetzlaff won the 1910 race in a Lozier at an average speed of 73.29 miles an hour.

Harvey Herrick won the 1911 event in a national car, averaging 74.63 miles per hour.

Teddy Tetzlaff repeated his 1910 victory by winning the 1912 race in a 120-horsepower Fiat, averaging 78.72 miles per hour, another world's record which has never been lowered.

Last year Earl Cooper won the Santa Monica Grand Prize race in his Stutz No. 8, averaging 73.77 miles an hour.

In addition to our classy bunch of California drivers and cars, it is an especially notable fact that Harry Grant will compete in both the above named races in his famous Stutz car. It will be remembered that Mr. Grant won both the 1909 and 1910 Vanderbilt Cup Races on Long Island, he being the only man who ever won this race twice.

Ralph De Palma will compete in both the Vanderbilt Cup and the International Grand Prize Races in the same Mercedes car with which he won the 1913 Vanderbilt Cup Race over the Milwaukee course.

Among the famous cars and drivers who will compete in the two races are four Mercer cars, two Stutz, one French DeLage, the Apperson Jack Rabbit, three Italian Fiat, two Alfa cars, one English eight-cylinder Sunbeam, and several other American-built cars.

Mr. Shettler, chairman of the racing committee of the Western Automobile Association and the man who has always come nearest guessing the average speed of the races than any one else, is positive in his statement that the average speed in the Vanderbilt Cup Race will be higher than eighty miles per hour, and bases his assertion on the fact that there will be eight or ten cars in the race that are as fast as the car Tetzlaff captured the world's record with in 1912 at an average speed of 78.72 miles per hour.

This will naturally force the average 120-horsepower Fiat, averaging 78.72 miles per hour, to say nothing of the fact that there will be at least six cars in the race which are very light and easy on tires, yet capable of doing better than 110 miles an hour.

## ATHLETIC CLUB IS PROVING A SUCCESS

Classes Are Doing Excellent  
Work—Institution Meets  
With Approval

The Athletic Club, although less than five months old, has at least proved that a good club is both possible and plausible in the city of Santa Ana. The many friends that it has made among the older men as well as the younger element show that it is a popular place and that age has little significance.

Regular class work is being conducted along all lines. The Business Men's Class is a very popular meeting and is well attended by many of the busiest men of Santa Ana. The men attending range in age from 25 to 60 years and their presence on the gym floor twice a week demonstrates how well they like the work.

The class work for the younger men in boxing, wrestling and regular gymnastics is all very popular. The class is well attended and many promising candidates are making their appearance. It is needless to say that it will be only a short time until Santa Ana will be well represented in all the big athletic tournaments of the coast as well as she is now represented in the national game of baseball. The material is here, and the time to develop it is all that is necessary. A little bit of hustling and good support will do the rest.

The ladies' auxiliary, with more than 100 members, has proved a real paradise for the ladies. Some say it is the "old school days come back." The gym and folk dancing classes are occasions for recreation and pleasure coupled with wholesome exercise, and help to make easy the tediousness of regular work, especially to those whose work requires them to be inside most of the time.

The plunge is a popular place for both men and women and it is hoped that the club may soon be able to boast of swimming and diving teams that will make the beach blossoms take notice.

From all standpoints the club is meeting with success. It has established its reputation as standing for clean, wholesome sport, and is trying in every way possible to maintain club rooms where an evening can be spent in a good, wholesome environment. Rowdiness, drinking, gambling or anything that tends in that direction is positively prohibited by the management. Entertainments of an appropriate character are furnished as often as possible for the benefit of members and their friends, also entertainments to which the general public is invited. These entertainments are always announced through the press. The club is open every day, and anyone desiring to inspect the place can do so by calling at the office.

## FRED A. ROSS TELLS ONE ON MIT PHILLIPS

It would be a mighty poor day when everybody would forget to tell a new one on Mit Phillips. If such a day should arrive, Mit would tell one on himself. He might even tell the one that Fred Ross has told a good many times.

Fred Ross said Mit Phillips the first automobile that the jolly Mit ever owned. Mit approached the responsibilities of caring for the car with fear and trembling. He realized that the undertaking was a serious one. It was his earnest desire to preserve the car forever. He would not do like some of the rest of these fellows just jump in and let 'er go regardless of what needed adjusting.

So Fred Ross explained everything there was to be explained. But Mit was after more information. Fred couldn't think of another thing to advise about—and when that point is reached with an automobile salesman, the limit is certainly reached. But a happy thought struck Fred.

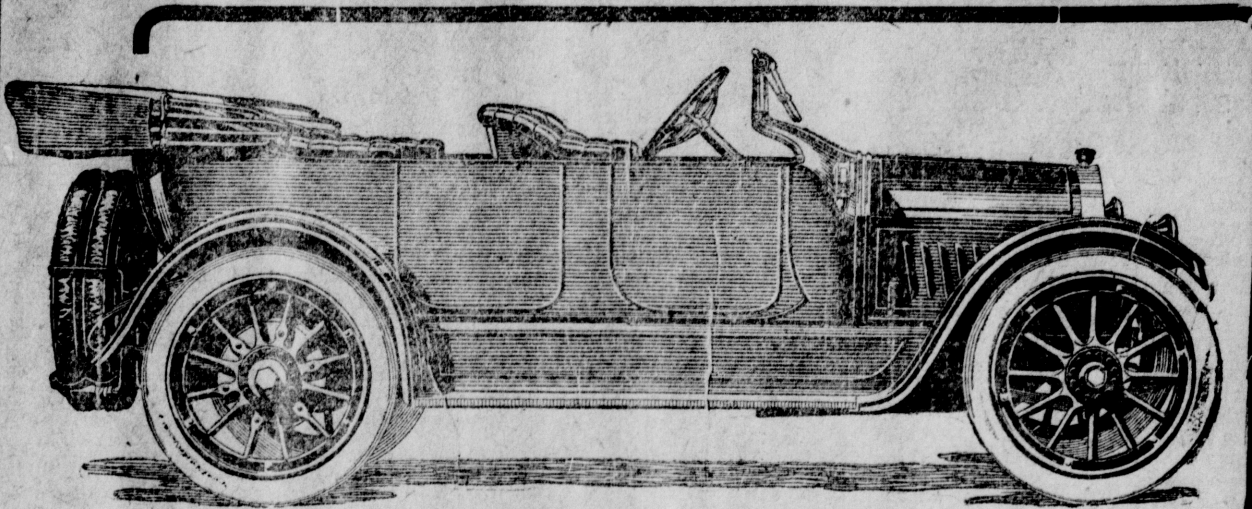

"Just one thing more," said he. "I would advise you to let the air out of those tires, and put in some good fresh air. That air in there now came from back East, and it is tainted with evil blains, malaria and typhoid. If you let it stay in the tires are likely to rot. Anyway, it is good policy to change the air in the tires once in a while."

And Fred says—mind you, Fred does the saying—that Mit went home, let out the air and pumped in some good old California ozone with a hand pump.

## BIG SALES OF REOS

Mr. Ora Summerville, with Wisdom & Co., agents for the Reo in this territory, announces the following recent deliveries of Reo five-passenger touring cars:

C. A. Kingston, Santa Ana.  
G. E. Jackson, Santa Ana.

## STEELHEAD TO BE FOUND IN BOTH CREEKS

Storm Waters Cut Deep Channel at Mouth of San Juan Creek

According to the opinion of Victor Walker, the recent storm that played so much havoc with roads and bridges did a good turn at Serra for road and reel experts.

San Juan creek has struggled through a dry existence for three years and though some water has always found its way into the ocean, there have been times when the creek was small enough to ford without wetting a foot. It is now a small river and has cut a deep channel to the salt water that will defy the shifting sand to fill this summer. Where Clapp's tent city was located is a deep lagoon, the creek having carried all evidence of the resort into the ocean.

Last year a few steelhead trout were found in the creek. None was taken with hook and line, but occasionally a fish was reported taken by workmen along the creek. This is proof enough that steelhead know the creek, and now that there is deep water both in the lagoon and stream above, and a deep channel into the sea, the conditions are right for a good run of steelhead.

Forest Ranger Stephenson, who is familiar with both the San Juan and San Mateo creeks, claims steelhead are to be found in both streams, and looks forward to a big run this year with so much water coming down.

The San Mateo is very little fished, owing to its inaccessibility, but those who have tackled the rough going on this stream have always been re-

warded with good catches. With plenty of water in which to operate the spinner, the favorite lure of steelhead, it will be no surprise to see some fine catches of these gamy fish taken this year.

### BIG MILEAGE FOR A TIRE

Said Robt. Gerwing, the vulcanizer: "I took a tire off a Ford car recently, which the owner of the car, O. T. Johnson, told me had run for 25,556 miles."

Mr. Gerwing says there was still some service left in the tire and also stated that he had vulcanized a section of it after it had run over 19,000 miles.

### AUTO SPEED TRAP

SAN DIEGO, Feb. 12.—There is an auto speed trap on the hill between Oceanside and San Luis Rey. Drivers are arrested for not blowing their horns at turns, running half-hour after sunset without lights and for speeding. Another speed trap is on the grade in Santa Margarita ranch.

### AUTO FOR HIRE

—M. C. Holderman will make engagements. First-class car. Prices reasonable. Phone 37111.

### TACT OF EUGENIE.

Diplomacy of the French Empress on a Question of Dress.

A curious instance of the diplomatic methods of the ex-Empress Eugenie is worth recalling.

When Queen Victoria, Prince Albert and the princess royal were about to visit Napoleon III, and the Empress Eugenie it was feared at the French court that the young princess royal would not be dressed in a style that would harmonize with French taste. The question was how to beguile her royal parents into dressing the child in a suitable manner.

In this difficulty the empress had a really brilliant idea. The height and other measurements of the princess royal were obtained and a doll of exactly the same size procured. The doll was provided with a large and exquisitely finished tressou, and it was then dispatched to Buckingham palace as an imperial gift to the princess.

The expected happened. Queen Victoria, enchanted with the doll's wardrobe, transferred most of the outer garments to her daughter for use during their visit to the emperor and empress. The result was that the princess appeared at her best, and everybody was pleased.—London Spectator.

### Criminals of Manila.

"Criminals are practically unknown in Manila," observed an official of that city. "I mean by this that there is no criminal class in the islands, as there is in European countries and in the United States. The yeggman, the professional pickpocket and sneak thief do not exist there. Of course we have to deal with high crimes, and there are a considerable number of murders. Doubtless this is due to the mercurial temperament of the people. The Filipinos are much like the Spaniards. They are easily angered and commit murder in a moment of passion. The spirit of revenge also is pronounced among the Filipinos. I have found that most of the murders committed are traceable to that old motive—the eternal triangle. I don't recall any murders in the Philippines that were committed with guns. The weapon ordinarily used is the knife or bolo."—Washington Post.

## EVERS CENTER OF BASEBALL SPECULATION

Question is Whether or Not He is a Free Agent—Commission Meets

NEW YORK, Feb. 12.—The baseball world is speculating on the outcome of the discharge of Manager Evers of the Chicago Nationals, by President Murphy of that club. Evers was before the National Commission yesterday. President Gilmore of the new Federal League refused to confer with Evers until he learned whether the dismissal cancelled automatically Evers' Chicago contract. Gilmore said:

"We have \$20,000,000 behind us and are willing to spend part of it for men like Evers."

James Gaffney, owner of the Boston Nationals, confirmed the report that he had offered Murphy \$25,000 for Evers. Before conferring with league leaders, Evers said: "I am against Murphy but I will leave it all to President Tener of the National League. He will see that I get a square deal. That is all I want."

It is reported that Gilmore told Evers that if he jumped to the Federals he would guarantee him sufficient salary in three years to support him luxuriously the remainder of his life.

## DECIDE YOURSELF

The Opportunity is Here, Backed by Santa Ana Testimony

Don't take our word for it. Don't depend on a stranger's statement.

Read Santa Ana endorsement. Read the statements of Santa Ana citizens.

And decide for yourself.

Here is one case of it: P. G. Etchison, retired merchant, 826 E. St., Santa Ana, Cal., says: "For months I was troubled off and on by a dull, heavy pain in the small of my back. If I stooped I was sure to suffer worse. I thought the trouble came from disordered kidneys and when I read about Doan's Kidney Pills I got a box. They promptly and thoroughly cured me. After that I did considerably heavy lifting and stooping, but I didn't notice a sign of kidney trouble. I have never needed any kidney medicine since. Doan's Kidney Pills cure to stay cured. I think just as highly of them now as I did when I recommended them before."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.—Advertisement.

## Sporting Briefs of the Week

[By Hal Sheridan]

NEW YORK, Feb. 12.—France is beginning to look upon sports as a real asset to the nation which should be placed on the highest possible plane. The question of creating a Minister of Sports is being discussed. This would mean the establishment of a government department devoted to sports. Many prominent men favor the idea, and those only lukewarm on the proposition are at least in favor of the nomination of an Under Secretary of Sports. In case the department idea falls through this may be done. France has already provided for a University of Sports with a backing of nearly \$500,000.

Returning from Europe recently A. G. Spalding declared that the next country that would have a baseball league such as are now supported in this country would be France. He saw an increasing interest in sports in that country, predicted that the American athletes might not have a walk-away in the next Olympic games, and, we suppose, chuckled inwardly at finding a new sales field for sporting goods. But laying Spalding's business aside, there is no doubt that Europe is beginning to take more interest in sports. Kraenzlein, the great Pennsylvanian hurdler, is shaping the Germans for the Olympic games, and though England is reluctant to admit it, American methods are going to be seen cropping out in that country.

Consideration of a plan to appoint a minister of sports in France suggests whether this country needs such an official. Well, hardly. There is no doubt but that France needs a driving power behind her sporting interests, and recognition by the government that healthy sports furnish one of the best possible tonics a nation can have, and the making of a real effort to see that the tonic is furnished should make things boom.

This country does not need stimulation. We have the tonic pouring in to our systems and do not need a government official to stir it up. We do need, however, something better than the A. A. U. rules as to professional and amateurs. While amateur sports was being built up and was growing they sufficed, but as the game is now broadening so should the committee governing the sports. For instance, the participation of college ball players in "summer baseball" is coming just as certain as is the Fourth of July. That question has been batted back and forth in a dozen different ways and discussed from every angle. It has been harped on for some time without showing any great effect, but college players are going to be at it before many more seasons and the rules will simply have to be amended so that their amateur standing will not be impaired if they play summer baseball.

The value in sports is more and more being recognized not only for its physical development of the rising generation, but for the value it is serving as an exhaust valve for the excessive steam of those wound up in the every-day battles. Baseball is probably the best example of this. Uncle Sam's devotion to the national game has kept his brain clear and jogged up his sense of humor with dashes of pop, peanuts, fresh air and enthusiasm for ball parks. No matter how bitter the feeling between capital and labor, Democrats, Republicans or Bull Moosers, time can be taken out to go to a ball game where everybody meets on an equal level, where for a couple of hours everyone's interest is the same. They may root for different teams, but for two hours the only thing that counts is hitting, fielding and base running. When the world's series rolls around that part of the country that can't jam itself into the parks of the two contending teams gives its eyes to scoreboards and spends its pennies buying baseball extras. The suffrage, tariff, income tax, currency law or any other weighty question has to get up early in the

morning to arouse as much discussion as a world's series, which is a pretty good indication that our esteemed Uncle is not greatly in danger of taking himself too seriously and going to the bow-wows.

The yells of the gallery gods at the boxing shows afford almost as much fun as the fights, and sometimes a lot more. Once in a while some wag pulls a good one that overshadows the fight. At one of the recent fights here the announcer, in making his usual spiel let it be known that Bombardier Wells had knocked out some one at Cardiff Wales.

"How many legs did the man have, one or two?" cried a man from the 50 cent seats.

During another fight recently one of the boys was taking a terrific beating. He was covering up and backing away while his opponent was rocking him with rights and lefts. When every one was quiet and the crowd was waiting breathlessly for the finishing punch some one yelled:

"Open the door, the boy's going out!"

Carl Morris and Jess Willard staged one of the poorest fights in years here some time ago, it may be remembered. They tapped each other around and then would wait and spar and wait around before risking another tap.

The crowd was pretty sore, and it was quiet you could hear the rubbing of the men's shoes on the polished canvas as they shifted around. Finally Willard poked Carl gently. Then came a voice, filled with compassion, from the gallery.

"All right, Carl; now YOU hit HIM!"

LORE VERSUS DROUILLARD  
WINDSOR, Canada, Feb. 12.—Johnny Lore appeared to be in fine shape today for his bout here tonight with Pat Drouillard. Lore was favored in today's betting.

## SALTS IS FINE FOR KIDNEYS, QUIT MEAT

Flush the Kidneys at Once When Back Hurts or Bladder Bothers

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid, which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.—Advertisement.

## Free Service to Kissel Kar Owners

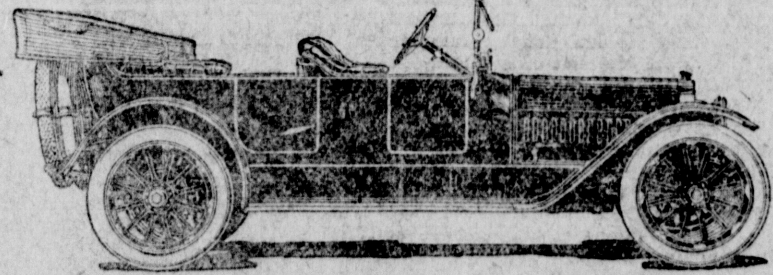

On the last Friday of each month our service department will make adjustments on KisselKars free of charge.

### KISSELKAR SERVICE CONTRACT

The KisselKar is sold under a written guarantee of service to owners—a tangible, definite and specific contract that clearly stipulates the scope of KisselKar Service. The unusual facilities at our Service Stations are always at your disposal.

## KISSELKAR

A DOMINATING AUTOMOBILE VALUE

The KisselKar is one of the very few really upper class cars selling at a moderate price. It is growing steadily in the favor of those who know automobile values and buy only after careful comparison. In design—construction—finish—it is refined to the last detail.

The KisselKar catalog describes and illustrates the three models: 60 "Six" at \$3300; 48 "Six" \$2500; 40 "Four" \$2000, f. o. b. Eleven types of bodies. All fully equipped, electric lighted and started, left hand drive, center control. If you are interested, don't fail to write for this catalog.

We can make immediate deliveries of these cars.

West End Garage Co.

Cor. Sixth and Main Sts.

Santa Ana, Calif.

## Buy It Because It's a Better Car

Model T Touring Car \$625.  
Model T Roadster \$575.

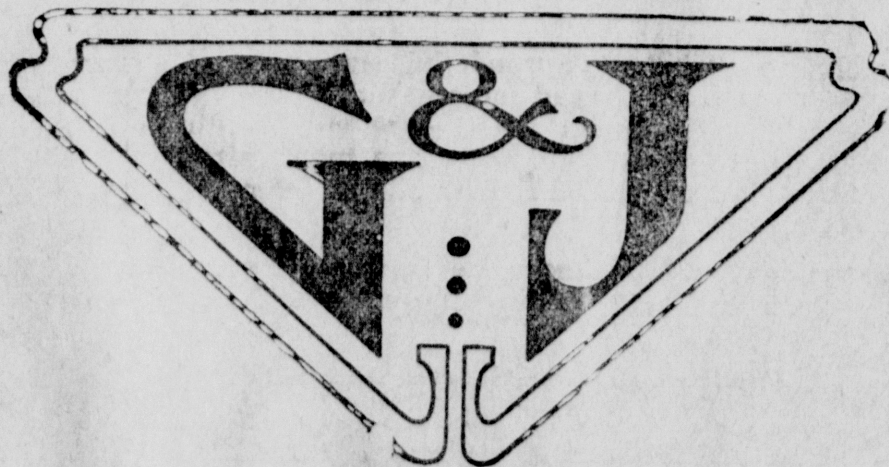

We carry in stock over \$5000 worth of Ford Parts.

**KID WILLIAMS, RISING BANTAM, WHO CAN'T GET  
A FIGHT WITH COULON, AN ALLEGED CHAMPION**

By whipping Campi in California, Kid Williams has come to be looked on as the best bantam in the country. He has begun another effort to get a match with Johnny Coulon, who for some years has been posing as the bantam champion of the world. Johnny's uncle is a butcher in Brooklyn, and in some way he has been able to convince a lot of sporting writers of that borough that Coulon is the champion. They have printed the statement, and it

has gone out over the country till many persons believe it. Williams himself, having beaten Ledoux, the French and English bantam champion, has more claim to world championship than Coulon. It is said to be doubtful if Coulon will ever meet Williams. They went ten rounds in New York in a no-decision bout, but most of those who saw it believed that Williams had the Chicago boy beaten.

## A Healthful Sport

Where for 25c your sons or daughters get an hour of solid fun in the plunge that is like buying many dollars worth of health.

Much safer and less expensive than going to the beach.

The most harmless of all recreations that are indulged in by either young or old.

## EVERY CHILD SHOULD SWIM

Mental, Muscular Capacity  
Stimulated by Popular  
Aquatic Sport

(By Prof. T. Wilkinson in Los Angeles Tribune.)

The nation's most valuable asset is its children, and that they should have every opportunity afforded them for growing up strong and healthy is of vital importance. I believe that an effective means to that end would be the careful and systematic instruction of swimming in all elementary public schools.

### Promotes Health

Swimming is an art superior to all others in the promotion and preservation of health. It greatly stimulates the mental and muscular capacity, and tends to create a sound mind in a clean and healthy body. No exercise has a more strengthening and refreshing influence on body and mind.

I desire to emphasize the importance of swimming forming a part of the school curriculum for the young of both sexes.

The benefit that would accrue to the school children by reason of their improved physiques would more than offset the loss of time taken from other subjects, and in fact make the work of teaching them easier.

### Value is Great

The value of such a course to the stamina of the rising generation would be incalculable, not alone from the highly important effect on the frame, by promoting healthful cleanliness of the body, but also by stimulating a spirit of self-reliance, as the child who can swim is usually stronger, healthier and superior in confidence to the non-swimmer. Apart from these considerations the knowledge is invaluable, not only as a means of preserving one's life, but also in rendering assistance to others in danger of drowning.

Thousands of lives are lost annually by drowning on the coasts and inland waters of America. A great portion of this loss would be prevented were the science of swimming and life-saving more generally known and practiced.

The gentle exercise of swimming invigorates the whole system and puts the body in such a state of purity that it offers no foothold for the germs of disease.

What a grand example Los Angeles would set other cities—an example they would be certain to follow—should all its children be given an opportunity to master the art of swimming before leaving the elementary schools.

### Feel Miserable?

Out of sorts, depressed, pain in the back—Electric Bitters renew your health and strength. A guaranteed Liver and Kidney remedy. Money back if not satisfied. It completely cured Robert Madsen, of West Burlington, Iowa, who suffered from violent liver trouble for eight months. After four doctors gave him up he took Electric Bitters and is now a well man. Get a bottle today; it will do the same for you. Keep in the house for all liver and kidney complaints. Perfectly safe and dependable. Its results will surprise you. See and \$1.50. H. E. Bucklen & Co., Philadelphia or St. Louis.—Advertisement.

For best watch and clock repairing see Moll Smith, 304 Main street.

## PLAY BALL AT HIGH SCHOOL

Takes More Than a Board  
Fence to Hold the Wild  
Heaves Now

Baseball practice opened in earnest over at the Poly High park Tuesday.

A bunch of "tossers" were out doing batting practice and chasing "high ones" through the crop of barley that is growing for the "aagle" horse. Also a crop of would-be "box artists" were steaming up over at the north end of the park, using the high board fence as a back-stop. It stopped most of the wild heaves, though now and then one went over the fence or out at the gate at the northeast and northwest corners of the park. From now on the gates will be kept closed during practice. This may keep more of the wild ones in.

So far it has been a big problem to lay out the grounds so as to suit players and the hoped-for rooters, and not to interfere with the track work. Last evening after trying out different angles the coach, manager and captain decided to lay it out so as to bat southeast. This suits the players best though it throws the bleachers over to one side of the diamond.

Manager Morrison expects to have a team on the grounds not later than Wednesday to put them in shape for a Friday game.

With the new semester, Captain Carver and Pete Duhart blew in, strengthening the team's prospects. Of last year's team on hand are Lee Brown, Fred Conillo, Bill Warren, "Big Spud" Morrison.

Some new men are showing up as "hopes," Wagner, Parker, Thompson, Biggs, Spallenberger, Burkett, Adams, Warner, and a lot of others seem to be there with some of the "real stuff."

A practice game will be played on Friday, probably with a team of "pick up" made up of a lot of stars from around town. This will be a starter for the High School team but will give the coach a line on the men.

### SPECIAL PICTURE AT CLUNE'S

The management of Clune's theater has arranged an excellent program for the remainder of this week, which will include a special comedy motion picture in two reels. This is an Essanay production and is entitled "Awakening of Snakeville." This picture will be shown on Friday and Saturday evenings only. All the pictures will be new this evening and an entire change of vaudeville is also announced.

Leonard and Drake will present "The Cat Fight" and other imitations, and Mile Zola will occupy the stage in a wooden shoe dancing number.

There is also booked Henella, who is a magician and illusionist. In this act "Rosa, the singing head," will be introduced.

The afternoon matinees at Clune's theater are becoming more and more popular as they are becoming known. They are favorites with the ladies and children, and almost every afternoon the auditorium is packed to the limit.

### ANNOUNCEMENT

—Dr. J. W. Shaul will be in his Los Angeles office forenoon; Santa Ana office, 2 to 5 p. m., and by appointment.

WHY PAY MORE WHEN YOU CAN JUST AS WELL

# Save 20 to 33%

# Five Aspirants for the Middleweight Championship

Five men now stand out prominently in the contest for the middleweight championship of the United States. One of them may develop within this year and then there will be a champion in a class which has had none for years.

These are the candidates:

George Chip (whose real name is Chipulonis), born in Scranton, August 25, 1888.

Jimmy Clabby, born in Norwich, Conn., July 14, 1899.

Eddie McGoorty, born in Oshkosh, Wis., July 31, 1889.

Mike Gibbons, born in St. Paul, July 20, 1888.

Leo Houck, born in Lancaster, Pa., November 4, 1889.

They are virtually all of the same age and weight. The eldest is Mike Gibbons, who is within a few months of twenty-six, and the youngest is Clabby, who is within a few months of twenty-four years.

If twenty-round fights could be given in Wisconsin, Massachusetts and New York, where most matches are made these days, it would not take long to develop a champion from these sturdy boys. But few sporting

men are inclined to consider seriously the no-decision ten-round contests which the New York and Wisconsin laws permit, and the twelve-round contests customary in Boston.

Chip, who fought with indifferent success for several years, has come to the top within the past few months. His two victories over Frank Klaus, the tough middleweight of Pittsburgh, showed he was as good as the other men in the class, for Klaus has beaten some of the best men in the world. In the illustration of Klaus he is shown completing a shift. His left hand is to be brought up in a powerful hook to the body of his opponent. The blow is something like that which made Stanley Ketchel famous. Klaus has used it to good effect in many bouts.

Jimmy Clabby's ability is known. He is one of the cleverest boxers in the country, but for some reason he has not been pushed ahead. Though he has beaten Mike Gibbons, St. Paul's clever middleweight, he has not been given the credit the victory warranted.

McGoorty, now in Australia, is one of the toughest men in the business.

He has a wonderful left hand, which has knocked out many opponents. Mike Gibbons, who fought him in New York several months ago, was very careful to keep away from it. Gibbons, who is now matched with Packie McFarland, is suspected of being a little yellow. He fights like

a champion against a man without a punch, but he fails to show much against one who can hurt him. His contest with McGoorty was a very great disappointment to those who thought he was a world beater. He has far more cleverness than most other men in the ring today, and he carries a hard left hook and a powerful straight right. On paper he looks like the best middleweight in the ring. But if he really fears punishment it is unlikely that he will ever be a champion.

Leo Houck is one of the toughest customers Philadelphia has ever turned out, and many hard fighting men have come out of the six-round bouts of that city. He has whipped most of the men he has met, and it is likely he would make a good long-distance fighter.

California is now the only place where championship bouts may be staged, but most of these middleweights have failed to make themselves good drawing cards in either Los Angeles or San Francisco. Most of their fighting has been done in the middle west, where the bouts are short and the purses small.

## GRAVATH TELLS OF FREAK PLAY HE HAD A PART IN

Jimmie Williams Passed Him While He Was Waiting for an Out

Gavy Gravath, the big Phillie slugger, is not very strong on fanning bees and generally ducks at the first mention of baseball. Yesterday Gavy ambled (ambled is correct) into a local sporting goods store where a hot argument on certain freak plays was under way. For a wonder the big fellow became interested and told this good one on Jimmie Williams of the Minneapolis club:

"A fellow might travel all year with a big league club and never see a freak play, and then again you might attend only one game during the season and see a prize package cut loose. We were playing at St. Paul, in the American association. Clymer was on third, Altizer on second, I on first—bases drunk and Jimmie Williams to bat and Jimmie some batter. He hit one a mile high to deep center-field. We hugged the bags to move up one on the out but the fielder messed the play and as I dug out for second Jimmie snoot by me like a scared rabbit, straight on to third, almost passing Altizer, who was tearing up the earth for home. Two runs scored and I was camped on second while Jimmie squatted on third. Believe me, we would have gotten away with it at that if I had not laughed.

"The umpire called me out and made the mess still worse, for Williams was out for passing a runner on bases."

The King of All Laxatives  
For constipation, use Dr. King's New Life Pills. Paul Matzka, of Buffalo, N. Y., says they are the "king of all laxatives." They are a blessing to all my family and I always keep a box at home. Get a box and get well again. Price 25c. At druggists or by mail, H. E. Ducken & Co., Philadelphia or St. Louis.—Advertisement.

## HUNTINGTON BEACH BASKETBALL TEAM LOST AT RIVERSIDE

Riverside Enterprise: The polytechnic high school basketball team Saturday night put the Huntington Beach high school team with the has-been's, defeating them by the score of 35 to 32 in a game played on the Y. M. C. A. floor before 300 rooters. This victory puts Riverside in the final running for the Southern California championship.

The local players did not show their old form, but put up a good exhibition of the game. This was the first hard contest they have engaged in since meeting Los Angeles polytechnic high school, all other games being easy for them.

At all times the locals worked their signals to good advantage and had the ball in their hands two-thirds of the time. The visitors tried old tricks, manipulating the ball in a clever manner.

The game was a clean exhibition, with little wrangling over the decisions of Referee Glover. The better team won the contest and the visitors made no complaint. Riverside high school team is now considered one of the best in Southern California and in a good position to win the championship.

### CHAVEZ-WINTERS TONIGHT

PUEBLO, Colo., Feb. 12.—Bennie Chavez, the Trinidad, Colo., bantamweight, and Lester Winters of Memphis, will meet in a 15-round battle here tonight. Chavez is regarded as the most promising scrapper Colorado has produced since the days of "Young Corbett." The lads will weight 118 at 3 p.m.

POCKET BILLIARDS TOURNNEY  
Next Monday night the Stag Pocket Billiard Parlor will start a pocket billiard tournament which will be limited to ten contestants. Prizes will be given for the first three places. The entry list is now open for those that want to enter.

SUCCESSFUL EVERYWHERE  
People everywhere are talking of the quick and fine results Foley Kidney Pills give in backache, rheumatism, kidney and bladder troubles. You can not take them into your system without good results. That is because Foley Kidney Pills give to the kidneys and bladder just what nature calls for to heal these weakened and inactive organs. J. D. Carroll, Sacramento, Cal., writes: "It is a pleasure to recommend Foley Kidney Pills, as they just worked wonders in my case." Wingood's Drug Store.

Take a stenotypy course at the Orange County Business College.

### SKATING CHAMPIONSHIPS TODAY

ORANGE LAKE, Newburg, Feb. 12.—Many of the best skaters of the United States and Canada gathered here today to participate in the Eastern outdoor skating championships. Six events on the program are the one mile novice; quarter-mile championship; half-mile championship; five-mile handicap and a special invitation race open to point winners in the championship events.
